

Investing in a clean energy future for all

\$41 billion
in assets with a
presence in 24 states

Avangrid is a leading sustainable energy company with 8 regulated electric and natural gas utilities and renewable generation assets in 24 states and is a member of the Iberdrola Group. We are one of the cleanest utilities in the U.S., leading the nation's transformational change in how we generate and use energy through cutting edge generation and transmission technologies.
