Purpose and Values

Our purpose reflects our commitment to transforming the current energy model towards a new one that prioritizes the well-being of people and the conservation of the planet:

OUR VALUES

Sustainable: We seek to be a model of inspiration for creating economic, social and environmental value in our communities, and we act positively to affect local development, generate employment, and give back to the community.

Agile: We act efficiently and with passion to drive innovation and continuous improvement at both the local and global level.

Collaborative: We work together toward a common purpose and mutual benefit while valuing each other and our differences.

For more information about our purpose and values, please see the Corporate Governance section at www.avangrid.com.

Committed to Sustainable Development

Sustainability is firmly entrenched in the values and principles that guide our board of directors, and respect for people, safety, communities, and the environment are key priorities driving our business strategy. In 2016, we pledged to reduce emissions intensity from our power plants 25% by the end of 2020 compared to 2015, and to be 100% carbon neutral by the end of 2035, making Avangrid the first U.S. utility to set a goal for carbon neutrality. In September 2022, we announced new and expanded environmental, social, governance, and financial stewardship (“ESG+F”) goals to reflect the breadth of our commitment to sustainability. We added eight new goals that include commitments to implement new emission reducing technologies, improve employee safety and cybersecurity, and maintain our best-in-class compliance and governance practices. Our most aggressive environmental commitment is to speed up our carbon neutrality targets to reach carbon neutrality in both our Scopes 1 and 2 emissions by 2030 - five years faster than our prior commitment which focused solely on our Scope 1 emissions. Avangrid continues to be one of the cleanest energy companies in the U.S. with an intensity emission approximately six times lower than the U.S. utility average in 2021.⁽¹⁾ These commitments are articulated in our sustainable development policies, which have been adopted by our board and are available in the Corporate Governance section of www.avangrid.com, and support the Sustainable Development Goals (SDGs) approved by the member states of the United Nations.

Our actions, investments, and goals to address climate change reflect our net zero strategy, and we continue to see positive impacts of these actions across our operations. In 2022, these impacts included the following:

- Decreasing our CO₂ emissions intensity by 28% compared to a 2015 base year.
- Maintaining our place as the third-largest renewable energy operator in the U.S. with 8.7 GW of operational wind and solar facilities.
- Reaching the commercial operation date (COD) for 393 MW of new wind and solar projects.
- Achieving a 91% emissions-free generating capacity.
- Continued leadership in Sustainability financing as one of the top 10 green bond issuers in the United States.

In 2022, we continued to be recognized for our ESG leadership, including receiving the following awards and recognitions:

- JUST Capital's JUST 100 Companies
- JUST Capital's Workforce Equity and Mobility Ranking
- S&P Global's Sustainability Yearbook Member (annual list of the world's most sustainable companies)
- FTSE4Good Index Series

2022 Business Highlights

At Avangrid, we are accelerating America's clean energy transformation. By defining a clear focus on operational and financial excellence, consistent execution, and sustainable value creation, we delivered on our strategic objectives and drove growth in 2022. Highlights of our performance include:

Fiscal year 2022 consolidated net income of \$881 million (or \$2.28 per share); consolidated adjusted net income of \$901 million (or \$2.33 per share)⁽¹⁾ increasing by approximately 25% and 16% year-over-year, respectively. In addition, we invested \$2.7 billion in our Networks and Renewables businesses and announced a plan to invest \$21.5 billion through 2025.

Delivered strong operating performance in Networks, including double-digit improvements year-over-year in average reliability across our electric utilities, 8% rate base growth, and superior storm response recognized by the Edison Electric Institute. In addition, we filed rate cases to drive continued investments in grid modernization and clean energy transformation.

Brought ~400MW of new onshore wind and solar into operations, including Avangrid's largest solar project and delivered high energetic availability across our fleet. As of April 17, 2023, we have ~1.4 GW of additional onshore and offshore renewables capacity under construction and expected to come online in 2023 and 2024.

Signed agreement with Semptra Infrastructure to support potential joint development of green hydrogen and ammonia projects and engaged in seven hydrogen hub coalitions nationwide.

Initiated export cable installation and manufacturing of all major components for Avangrid's 806 MW Vineyard Wind 1, putting our landmark project on track to deliver its first power by the end of 2023.

⁽¹⁾ Adjusted net income is a financial measure that was not prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP). See Annex A to this proxy statement for a discussion of adjusted net income as well as a reconciliation of adjusted net income to net income prepared in accordance with U.S. GAAP.

Executive Compensation Highlights

Our executive compensation program is designed to effectively reward performance while reflecting the responsibilities of our executive officers. Our compensation philosophy is to offer compensation that makes it possible to attract, retain, and motivate highly-talented professionals in a way that aligns with our long-term business goals and values, without motivating or rewarding excessive risk-taking. At our 2022 annual meeting, approximately 99% of the votes cast were in favor of our named executive officer compensation.

The key elements of our program are:

- Base salary;
- Annual cash incentive; and
- Long-term equity incentive.

✓ Engage independent compensation consultant	✗ No guaranteed annual salary increases or incentive payments
✓ Use variable pay and long-term equity incentive awards as substantial portion of total compensation	✗ No excessive perquisites

Directors

This section describes the director nomination process and the experience and qualifications of our board members and how they are compensated.

Director Nomination Process

The compensation and nominating committee (formerly known as the compensation, nominating and corporate governance committee) is responsible for identifying and evaluating potential director candidates, reviewing board and committee composition and making recommendations to the full board. In order to maintain a board with an appropriate mix of experience and qualifications, the compensation and nominating committee routinely assesses the composition of the board. While the compensation and nominating committee has not established minimum qualifications, it aims to strike a balance between the knowledge and understanding of the business that comes from longer-term service on the board with the fresh ideas and perspective that can come from adding new members and also considers the expertise and cognitive diversity that is needed as our business changes and expands, as well as the importance of diversity of age, gender, race, ethnicity, culture, thought, geography, and nationality on the board. The compensation and nominating committee may engage an external search firm or a third party from time to time to assist it in identifying and evaluating director-nominee candidates, in addition to current members of the board standing for reelection.

Our criteria for directors are discussed in our corporate governance guidelines and compensation and nominating committee charter, copies of which are available on our website at www.avangrid.com. Consistent with these guidelines, the compensation and nominating committee ensures that the nominees are qualified with relevant expertise, competence, experience, and training. Each nominee must also have the time and commitment to meet their respective responsibilities as a member of the board of directors. The compensation and nominating committee has no specific policy on diversity. However, Avangrid is committed to cultivating a diverse and inclusive work environment and the board recognizes the benefit of having directors who reflect differing individual attributes to contribute to the board's discussion, evaluation, and decision-making, and considers diversity of knowledge, experience, origin, nationality, and gender. In the board's annual performance evaluations conducted by the board and its committees, the board from time to time considers whether the members of the board reflect such diversity and whether such diversity contributes to a constructive and collegial environment.

The compensation and nominating committee will consider persons recommended by shareholders for election to the board. The compensation and nominating committee will review the qualifications and experience of each recommended candidate using the same criteria for candidates proposed by board members and communicate its decision to the candidate or the person who made the recommendation. For the procedures for submission of stockholder nominations of members of our board, see “**Other Information – Submission of Proposals by Shareholders.**”

Director Qualifications and Experience

The following matrix highlights the mix of key skills, qualities, attributes, and experiences, among other things, that the board views as important when evaluating director nominees. The compensation and nominating committee and the board believe that each director nominee brings to the board their own unique background and range of expertise, knowledge, and experience, including as a result of their valued service on the board and its committees, that provide the board as a whole with an appropriate and diverse mix of qualifications, skills, and attributes necessary for the board to fulfill its oversight responsibility to our shareholders. The matrix is intended to depict notable areas of focus for each director, and not having a mark does not mean that a particular director does not possess that qualification or skill. Nominees have developed competencies in these skills through education, direct experience, and oversight responsibilities. The demographic information presented below is based on voluntary self-identification by each nominee. Additional biographical information on each nominee is set out below starting on page 13.

Corporate Governance

This section describes our governance and sustainability system and the role and structure of our board.

Governance and Sustainability System

Avangrid's governance and sustainability system (the "Avangrid Governance and Sustainability System") is integral to the company's corporate purpose and the creation of sustainable value for society, customers, and shareholders. Reflecting the purpose and values of the Avangrid group, the Avangrid Governance and Sustainability System is inspired by and based upon a commitment to ethical principles, transparency, and leadership in the application of best practices in good governance, and is designed to be a working structure for principled actions, effective decision-making, and appropriate monitoring of both compliance and performance. Avangrid's charter, by-laws, corporate policies, internal corporate governance rules, and the other internal codes and procedures approved or adopted by Avangrid's board of directors form the framework of governance of Avangrid, including our corporate governance guidelines, code of business conduct and ethics, and committee charters. Reflecting our commitment to continuous improvement and best practices, the board approved a refreshment of the Avangrid Governance and Sustainability System that, among other things, established a new governance and sustainability committee responsible for overseeing and maintaining the Avangrid Governance and Sustainability System, Avangrid's compliance with legal and regulatory requirements, oversight of Avangrid's environmental, social, and governance ("ESG") performance, activities and initiatives, and non-financial sustainability reporting. The Avangrid Governance and Sustainability System, including our corporate governance guidelines, code of business conduct and ethics, and committee charters are publicly available in the Corporate Governance section of Avangrid's website at www.avangrid.com.

Board Leadership Structure

The board periodically reviews its leadership structure and the responsibilities and composition of its standing committees to determine whether they continue to serve Avangrid and its shareholders. The structure and composition of the board and its committees are intended to leverage the diverse experience of the board members and promote effective oversight.

The Avangrid Governance and Sustainability System allows the flexibility to separate or consolidate the positions of chairman of the board and chief executive officer. The board believes its current leadership structure, which separates the roles of chairman and chief executive officer, best serves the objectives of the board's oversight of management, the board's ability to carry out its roles and responsibilities on behalf of Avangrid's employees, customers, shareholders and other key stakeholders, and Avangrid's overall corporate governance. The board also believes that the separation of the roles of chairman and chief executive officer allows the chief executive officer to focus more of his time and energy on operating and managing the company and leverages the chairman's experience in the energy industry.

The Controlled Company Exemption

Avangrid is a “controlled company” within the meaning of the rules of the NYSE because Iberdrola, S.A. owns more than 50% of the company’s outstanding shares of common stock. Consequently, Avangrid is not required to comply with certain of the NYSE listed company requirements, such as the requirement to have a majority of “independent” directors on Avangrid’s board of directors, or the requirement to have compensation and nominating/corporate governance committees comprised of fully “independent” directors. Nonetheless, the board has established a compensation and nominating committee and a governance and sustainability committee comprised of a majority of independent directors, and an unaffiliated committee, comprised solely of independent directors, to assist the board in exercising its oversight responsibilities.

Director Independence

Due to Avangrid’s status as a “controlled company,” we rely on certain exemptions from the rules of the NYSE that would otherwise require that our board be comprised of a majority of “independent” directors as defined under the rules of the NYSE. Avangrid is required to have an “independent” audit committee under the NYSE’s listed company requirements. See the section entitled “**Corporate Governance—Audit Committee**” for additional information.

The board has undertaken a review of the independence of each director nominee. Based on this review, the board has determined that each of Mmes. Báñez García, Herbert, Jacobs, and Joseph Varlack and Messrs. Baldacci, Duffy, Lahey, and Solomont do not have a material relationship with the Avangrid group of companies (either directly or as a partner, shareholder, or officer of an organization that has a relationship with the Avangrid group of companies) and that each of these nominees is “independent” under the rules of the NYSE.

Board Meetings

During 2022, the board held nine meetings, with each member of the board attending all of the board meetings. Avangrid expects all directors to attend the Annual Meeting of shareholders. All directors serving at the time attended our 2022 annual meeting of shareholders.

Committee Composition

The board has established five standing committees—an audit committee, compensation and nominating committee, governance and sustainability committee, executive committee, and unaffiliated committee. The board also has established an ad hoc special committee more particularly described below. The current composition and responsibilities of each standing committee is described below. Members serve on committees until their resignation or until otherwise determined by the board of directors.

Audit Committee

The audit committee assists the board with oversight and monitoring of Avangrid's financial statements and other financial information provided by Avangrid to its shareholders and others; compliance with legal, regulatory, and public disclosure requirements; the independent auditors, including their qualifications and independence; Avangrid's systems of internal controls, including the internal audit function; treasury and finance matters; enterprise risk management; physical and cybersecurity; and the auditing, accounting, and the financial and non-financial reporting process generally. The audit committee also appoints Avangrid's independent registered public accounting firm and pre-approves the services performed by such firm.

Mmes. Herbert and Varlack currently serve on and, during 2022, served on the audit committee, with Ambassador Solomont serving as the chair. Ms. Timm served on the audit committee during 2022 until her term ended on July 20, 2022 at the annual meeting of shareholders. All current members of the audit committee meet the requirements for financial literacy under the applicable rules and regulations of the NYSE. In addition, the board has determined that Ms. Herbert is an audit committee financial expert within the meaning of Item 407(d) of Regulation S-K under the Securities Act of 1933 and has the requisite accounting or related financial management expertise as set forth in the NYSE corporate governance rules. The board has determined that each of the members of the audit committee is "independent" as defined under the NYSE listing standards and under Rule 10A-3(b)(1) of the Exchange Act of 1934, as amended (the "Exchange Act"). The audit committee operates under a written charter adopted by the board in accordance with applicable rules of the NYSE and the SEC, which is available on the company's website at www.avangrid.com. The audit committee met nine times during 2022, with each of the committee members attending all of the meetings.

Compensation and Nominating Committee

The compensation and nominating committee (formerly known as the compensation, nominating and corporate governance committee) is responsible for reviewing and approving executive officer compensation and executive incentive compensation plans and equity-based plans; administering the company's executive incentive compensation plans and equity-based plans; reviewing, and recommending to the board for approval, director compensation; periodically reviewing the chief executive officer succession plan; determining the qualifications, qualities, skills, and other expertise required to be a director; and reviewing and making recommendations to the board regarding the selection and approval of the nominees for director. For a description of the compensation and nominating committee's processes and procedures, including the roles of the independent compensation consultant and Avangrid's executive officers in support of the compensation decision-making processes, see the section entitled "**Executive Compensation—Compensation Discussion and Analysis.**"

Ms. Jacobs and Mr. Sáinz Armada currently serve on and, during 2022, served on the compensation and nominating committee, with Mr. Lahey serving as chair. Ms. Jacobs and Mr. Lahey are "independent" as defined under the NYSE

listing standards applicable to compensation committee members. The company relies on the controlled company exemption from the rules of the NYSE that would otherwise require the compensation and nominating committee be comprised of solely “independent” directors as defined under the rules of the NYSE.

The compensation and nominating committee operates under a written charter adopted by the board, which is available on the company’s website at www.avangrid.com. The compensation and nominating committee held 13 meetings during 2022, with each committee member attending all of the meetings.

To the extent the board and compensation and nominating committee deem appropriate, executive compensation matters relating to or governed by Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”), or Rule 16b-3 of the Exchange Act, are delegated to a subcommittee of the compensation and nominating committee comprised entirely of two or more directors who qualify as “outside directors” within the meaning of Section 162(m) of the Code and “non-employee directors” within the meaning of Rule 16b-3 of the Exchange Act (the “compensation subcommittee”). Ms. Jacobs and Mr. Lahey currently serve on the compensation subcommittee. The compensation subcommittee serves to (i) establish, administer, approve, and certify (for the purposes of satisfying the performance-based compensation exception under Section 162(m) of the Code, to the extent still applicable) performance goals for employee compensation awards and (ii) review and approve (for purposes of Rule 16b-3 of the Exchange Act) compensation grants and awards by the company of its securities to an officer or director of the company. Prior to the payment of any compensation awarded by the compensation subcommittee, all compensation decisions by the compensation subcommittee are subject to ratification from the full board.

Governance and Sustainability Committee

On October 19, 2022, reflecting the strategic importance of ESG+F, the board of directors established the governance and sustainability committee. The governance and sustainability committee is responsible for overseeing the company’s corporate governance policies and procedures, ESG risk management and non-financial sustainability reporting, the company’s compliance and ethics program, the company’s Governance and Sustainability System, and the board and committee annual self-evaluation process. Ms. Varlack and Mr. Sáinz Armada currently serve on and, during 2022, served on the governance and sustainability committee, with Ms. Báñez García serving as chair. Mr. Martínez Garrido served on this committee from its establishment in October 2022 until his resignation from the committee on December 14, 2022.

The governance and sustainability committee operates under a written charter adopted by the board in accordance with applicable rules of the NYSE and the SEC, which is available on the company’s website at www.avangrid.com. The governance and sustainability committee met once during 2022, with each of the committee members attending the meeting.

Executive Committee

The board has established an executive committee, which may exercise all the powers of the board when the full board is not in session, to the extent permitted by applicable law. In particular, the executive committee has not been delegated, and may not exercise, the authorities and duties assigned to the audit committee or the unaffiliated committee. Messrs. Azagra Blázquez, Lahey, and Sáinz Armada and Ms. Báñez García currently serve on and, during 2022, served on the executive committee, with Mr. Galán serving as chair. Mr. Arriola served on the executive committee during 2022 until his resignation from the board on May 31, 2022. The executive committee held three meetings during 2022, with each of the committee members attending all of the meetings.

Unaffiliated Committee

The unaffiliated committee was established in accordance with the shareholder agreement, dated December 15, 2015, between Avangrid and Iberdrola, S.A., (the “Shareholder Agreement”) and, among other things, is responsible for reviewing and approving all transactions entered into between the company and Iberdrola, S.A., or its affiliates, and ensuring that such transactions are entered into on an arms’ length basis. The unaffiliated committee operates under a written charter adopted by the board, which is available on the company’s website at www.avangrid.com. Ms. Jacobs and Mr. Baldacci currently serve on, and during 2022, served on the unaffiliated committee, with Mr. Duffy serving as the chair. The unaffiliated committee is comprised solely of “independent” directors. The unaffiliated committee held five meetings during 2022, with each of the committee members attending all of the meetings.

Special Committee

The board has established a special committee, which is responsible for, among other things, carrying out the responsibilities delegated by the board relating to oversight of New England Clean Energy Connect (NECEC) transmission line project. The special committee operates under a written charter adopted by the board, which is available on the company’s website at www.avangrid.com. Messrs. Azagra Blázquez and Martínez Garrido currently serve on and, during 2022, served on the special committee, with Mr. Baldacci serving as the chair. The special committee held seven meetings during 2022, with each of the committee members attending more than 85% of the meetings.

Executive Sessions

In accordance with our corporate governance guidelines, to ensure that non-management directors serve as an effective check on management and to encourage open discussion among such non-management directors, our non-management directors meet in executive sessions without management directors or management present on a periodic basis but no less than twice a year. Our chair, a non-management director, presides at these meetings. In accordance with the NYSE rules, our independent directors also meet in an executive session at least once a year. Mr. Lahey presided at the executive sessions of independent directors during 2022.

Annual Board Assessment

The board utilizes a comprehensive, multi-part process for its ongoing self-assessment to ensure that the board and its committees are working effectively together and its processes reflect best practices. The board also uses the results of this self-assessment process to assist it when reviewing its composition. While the formal self-assessment and independent corporate governance review described below is conducted on an annual basis, directors share perspectives, feedback, and suggestions continuously throughout the year. The governance and sustainability committee designs and establishes the overall assessment framework.

01. The board conducts an annual self-assessment to review the effectiveness of the board and its committees. In this comprehensive review, the self-assessment focuses on:

- The composition and performance of the board, including the size, mix of skills, and director refreshment practices;
- The quality and scope of the materials distributed in advance of meetings;
- The board's access to company executives and operations;
- The promotion of rigorous decision-making by the board and its committees; and
- The overall functioning of the board and its committees.

02. Each of the audit committee, compensation and nominating committee, governance and sustainability committee, and unaffiliated committee also perform an annual self-assessment.

03. Annually, Avangrid engages PricewaterhouseCoopers to conduct an independent assessment of its corporate governance practices and the corporate governance practices of its principal subsidiaries and to recommend improvements to the operations of the board and its committees. The independent assessment focuses on:

- Compliance with governance requirements; and
- Alignment with trends in corporate governance.

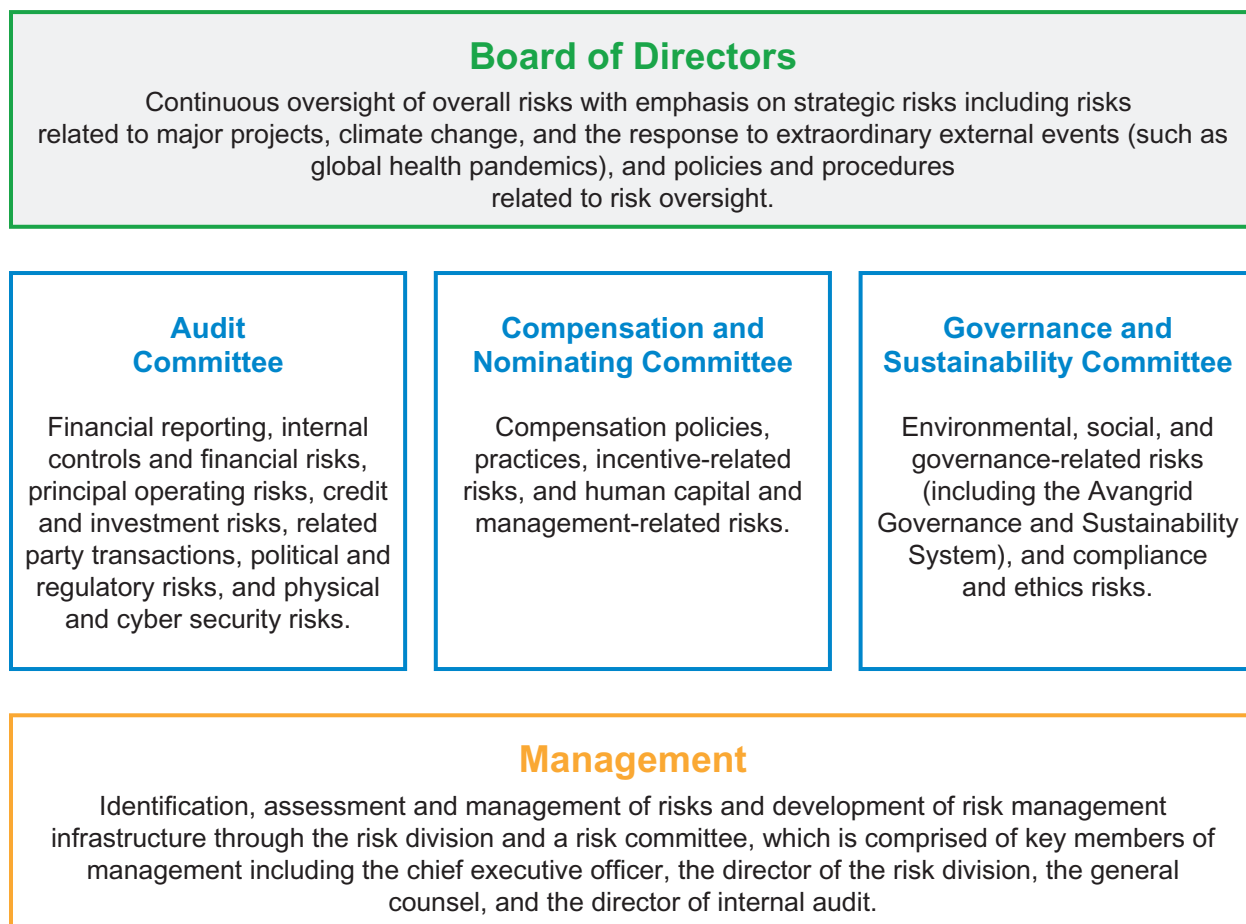

04. The results of the board and committee self-assessments are compiled and presented to the board along with the results of the independent corporate governance assessment.

05. Items identified in the board and committee self-assessments and/or the independent corporate governance assessment requiring follow-up are monitored on an ongoing basis by the board and by Avangrid management.

Risk Management Oversight

In the normal course of its business, Avangrid is exposed to a variety of risks, including political and regulatory risks, climate-related risks, credit and investment risks, and cybersecurity and other operational risks. In connection with the board's oversight function, the board oversees management's identification, assessment, and mitigation of risks related to our company, business, and people and Avangrid's policies and procedures for managing risk.

Selected areas of board, committee, and management risk oversight in 2022:

Transparency

We publicly disclose information about our business across a number of topics including our environmental, social, and governance efforts across the company including our commitments, programs, and progress on our ESG+F goals. This includes our annual sustainability report, Global Reporting Initiative (GRI) report, EEI and AGA ESG/sustainability report, Sustainability Accounting Standard Board (SASB) report, and UN Energy Compact report, each of which is available in the Sustainability section of www.avangrid.com.

Shareholder Engagement

We proactively engage with shareholders and other stakeholders throughout the year to learn their perspectives on significant issues, including company performance and strategy, corporate governance, executive compensation, climate action, and other important ESG+F topics. This engagement helps us better understand the issues that matter most to our shareholders and address them effectively. We take feedback and insights from our engagement with shareholders and other stakeholders into consideration as we review and evolve our practices and disclosures, and further share them with our board as appropriate. In 2022, we reached out to shareholders to discuss the structure of the Avangrid Governance and Sustainability System, executive compensation, the skills of our directors, and our sustainability achievements. The board carefully considers shareholder feedback.

Communications with the Board

Any shareholder or interested party who wishes to communicate or request a meeting with members of the board or with only non-management directors or any specified individual director may do so by writing to Avangrid's corporate secretary at the address below. Compensation and Nominating Committee Interlocks and Insider Participation

Messrs. Lahey and Sáinz Armada and Ms. Jacobs deliberated on executive compensation matters in their capacity as members of the compensation and nominating committee during 2022. None of these directors is, or has ever been, an officer or employee of Avangrid or any of our subsidiaries. In addition, during the last fiscal year, none of our executive officers served as a member of the board of directors or the compensation committee of any other entity that has one or more executive officers serving on our board.

Review, Approval, or Ratification of Transactions with Related Persons

The board has adopted a written policy for approval of transactions in which Avangrid was, is, or will be a participant and in which its directors, director nominees, executive officers, greater than 5% beneficial owners, and each of their respective immediate family members has or will have a direct or indirect material interest, where the amount involved in the transaction exceeds or is expected to exceed \$120,000. A copy of this policy, the related party transaction policy, is available in the Corporate Governance section on the company's website at www.avangrid.com. The policy provides that the audit committee reviews all transactions subject to the policy (other than transactions between Avangrid and/or one of its subsidiaries, on the one hand, and Iberdrola, S.A. and/or its affiliates, on the other hand, which are subject to review by the unaffiliated committee to ensure that such transactions are entered into on an arms' length basis pursuant to the Shareholder Agreement) and determines whether or not to approve or ratify those transactions. In addition, the audit committee has delegated authority to the chair of the audit committee to pre-approve or ratify transactions under certain circumstances. The policy prohibits any director from participating in any review, discussion, consideration, or approval of any transaction subject to the policy for which such director or his or her family member is a related party, except that such director is required to provide all material information concerning the interested transaction to the audit committee. In reviewing the transactions subject to the policy, the audit committee, or the chair of the audit committee, as applicable, considers among other factors it deems appropriate:

- the benefits to the company;
- the impact on a director's independence, if applicable;
- the opportunity costs of other sources for comparable products or services, including whether the transaction is made on terms no less favorable than terms that would be generally available to an unaffiliated third-party under the same or similar circumstances;
- the terms of the transaction; and
- the actual or apparent conflict of interest of the related party.

Certain Relationships and Related Party Transactions

Relationship with Iberdrola, S.A.

Iberdrola, S.A. currently directly holds 81.5% of the outstanding shares of Avangrid common stock. As the company's controlling shareholder, Iberdrola, S.A. continues to exercise significant influence over Avangrid, including the composition of our board and any action requiring the approval of our shareholders. Transactions with Iberdrola, S.A. relate predominantly to pass-through charges of corporate services/management fees. These corporate services are entered into on an arm's length basis and are aimed at maximizing our operating efficiency in an efficient and flexible service model. The corporate services are provided at market quality, and subject to audit and dispute resolution procedures.

The Shareholder Agreement

On December 16, 2015, we completed the acquisition of UIL pursuant to a merger agreement. In connection with the transaction, we entered into the Shareholder Agreement on December 16, 2015 with Iberdrola, S.A. The Shareholder Agreement sets forth certain governance arrangements and contains various provisions relating to, among other things, representation on our board, minority protections that limit the disposal or transfer of shares of the company by Iberdrola, S.A., registration rights, preemptive rights, and the requirements for the approval of affiliate transactions and business opportunities, which are described in more detail below.

- The Shareholder Agreement provides that the company will, after December 16, 2020, have at least four "independent" directors (as defined in the Shareholder Agreement), provided that Mr. Baldacci may be deemed an independent director for this purpose. Additionally, in the event of the resignation, removal, or death of Mr. Baldacci (or his respective replacement on the board) decides not to stand for reelection to our board or is otherwise unable or unwilling to serve on our board, Iberdrola, S.A. will nominate a person to serve on our board of directors who qualifies as an independent director pursuant to the rules of the NYSE and applicable law.
- The Shareholder Agreement provides that as long as Iberdrola, S.A. continues to own 50% or more of the outstanding voting stock of the company, subject to the foregoing and compliance with applicable law, Iberdrola, S.A. shall have the right to designate the individuals to be nominees for election to the company's board. At any time when Iberdrola, S.A. owns less than 50% of the outstanding voting stock of the company, it shall have the right to appoint such number of directors to the company's board equal to its voting power multiplied by the total number of directors of the company, and in no event less than one director. Iberdrola S.A. has also agreed to vote all of its outstanding shares of voting stock of the company in favor of the nominees recommended by the company's board.
- The Shareholder Agreement provides that the board must establish an unaffiliated committee made up of "independent" directors (as defined in the Shareholder Agreement). Under the Shareholder Agreement, a director is considered "independent" if they are independent under the rules of NYSE with respect to Avangrid, and would be independent under the rules of NYSE with respect to Iberdrola, S.A. if they were a director of Iberdrola, S.A. The

unaffiliated committee is responsible for, among other things, reviewing and authorizing transactions between Avangrid and/or one of its subsidiaries, on the one hand, and Iberdrola, S.A. and/or its affiliates, on the other hand.

- Iberdrola, S.A., on behalf of itself and its affiliates, is entitled to unlimited requests for demand registrations, piggyback registrations, and shelf registration statement filings following the closing of the acquisition, in each case, subject to certain customary limitations. Iberdrola, S.A. also has the right to specify the method of distribution of securities, including an underwritten public offering, and approve the underwriters. Additionally, Iberdrola, S.A. has preemptive rights to protect against dilution for issuances of equity.
- Iberdrola, S.A. is prohibited from effectuating a “going private” transaction, or any other similar transaction that results in the company no longer being a publicly traded company, without the prior approval of both the unaffiliated committee and a majority of the voting power of the shareholders not affiliated with the company. Subject to certain exceptions, the Shareholder Agreement generally prohibits Iberdrola, S.A. from causing the company to, and the company from, entering into or effectuating any transaction for the acquisition of the company by another entity, including any stock acquisition, reorganization, merger or consolidation, that results in all shareholders of the company exchanging their voting securities for cash or securities, unless all shareholders of the company are entitled to the same per share consideration to be received in such transaction as Iberdrola, S.A.
- The Shareholder Agreement includes provisions relating to the approval of transactions with Iberdrola, S.A. and its affiliates. The services provided by Iberdrola, S.A. or its affiliates to us and our subsidiaries and joint ventures at completion of the acquisition are provided by Iberdrola, S.A. or its affiliates at a cost to us not higher than the cost reflected in the expenses shown in our 2014 International Financial Reporting Standards (“IFRS”) audited consolidated financial statements, except (i) in the case of ordinary course, market adjustments of such costs made on an arms’ length basis, or (ii) as otherwise approved by the majority of the members of the unaffiliated committee. Furthermore, we do not intend to enter into any transaction between, or involving, Iberdrola, S.A. or any of its subsidiaries or controlled joint ventures, on the one hand, and us or our subsidiaries or controlled joint ventures, on the other hand, unless the transaction is both approved by a majority of members of the unaffiliated committee and entered into on an arms’ length basis.
- The Shareholder Agreement permits Iberdrola, S.A. and its affiliates to conduct business that may be competitive with our business, while restricting actions by Iberdrola, S.A. and its controlled affiliates that could interfere with the ability of our executive officers to conduct the company’s business. Pursuant to the Shareholder Agreement, we recognize and acknowledge that Iberdrola, S.A. and its affiliates own, engage, or participate in businesses and business activities that compete, or may compete, with our business and the business of our subsidiaries. We acknowledge and agree that neither the execution of the merger agreement, Shareholder Agreement, or the completion of any transactions contemplated thereby will preclude or limit Iberdrola, S.A. and its affiliates from, directly or indirectly, owning, engaging, or participating in any business or business activity at any time and in any geographical location, including such businesses or business activities that compete, or may compete, with our business or the business activities of our subsidiaries or any of their respective businesses.

- However, the Shareholder Agreement provides that as long as Iberdrola, S.A. continues to own 50% or more of the outstanding voting stock of the company, Iberdrola, S.A. will not engage in any action that is reasonably expected to impair the executive officers of the company and its subsidiaries from conducting the business or operations in a manner consistent with such business or operation of the company and its subsidiaries immediately following completion of the acquisition.
- Iberdrola, S.A. has been granted certain information and access rights to information related to our and our subsidiaries' businesses, operations, plans, and prospects.

Any amendments to the Shareholder Agreement requires prior approval of both our board and a majority of the members of the unaffiliated committee. The Shareholder Agreement will remain in effect as long as Iberdrola, S.A. owns more than 20% of the outstanding voting stock of the company. Following any termination of the Shareholder Agreement, Iberdrola, S.A. will have one demand registration right, subject to customary limitations and exceptions, and piggyback registration rights with respect to any registration proposed by the company, subject to customary "cut back" provisions. The laws of the State of New York will govern the Shareholder Agreement as long as we remain a New York corporation. If we are redomiciled to Delaware, the laws of the state of Delaware will govern the Shareholder Agreement.

The Framework Agreement and Declaration of Acceptance

On July 16, 2015, we entered into the Declaration of Acceptance with Iberdrola, S.A. ("2015 declaration of acceptance"), making us a party to the framework agreement for 2015 and detailing the corporate services Iberdrola, S.A. provided to us or to any of our affiliates in 2015. The framework agreement governs the relationship between Iberdrola, S.A. and the various Iberdrola, S.A. entities, with respect to the corporate services Iberdrola, S.A. contracts to provide each relevant entity. Pursuant to the framework agreement, and under the Iberdrola group's "One Corporation" structure, Iberdrola, S.A. provided efficient and flexible corporate services to us and our subsidiaries. Our entry into the 2015 declaration of acceptance was approved by a committee comprised solely of our independent directors. On July 14, 2016, the unaffiliated committee approved a new declaration of acceptance detailing the corporate services Iberdrola, S.A. provided to us or any of our affiliates ("2016 declaration of acceptance" and together with the 2015 declaration of acceptance, the "declarations of acceptance").

Pursuant to the declarations of acceptance, Iberdrola, S.A. provides various corporate services to us including, among other services, those relating to the management of buildings and leases, surveillance and maintenance of buildings, international and corporate security, human resources, brand management, procurement, management of the SAP corporate platform, research and development, quality control, insurance, information technology, and general administration. Pursuant to the 2015 declaration of acceptance and in accordance with the merger agreement, the foregoing services and the price thereof were entered into on an arms' length basis and on financial and other material terms no less favorable to us and our subsidiaries than applicable agreements or arrangements in respect of such corporate or other shared services existing as of February 25, 2015, and did not result in a higher cost to us or our

subsidiaries and affiliates than the aggregate costs for such services reflected in the 2014 IFRS audited consolidated financial statements of Avangrid, except to the extent related to ordinary course market adjustments made on an arm's length basis or as otherwise approved by the majority of the members of the unaffiliated committee. All new, future services to be provided by Iberdrola, S.A. or its affiliates to us and our subsidiaries must be on an arm's length basis and approved by the unaffiliated committee.

By entering into the 2016 framework agreement via the 2016 declaration of acceptance, any previous framework agreements between us and Iberdrola, S.A. were terminated by operation of law. The framework agreement covers any services provided by Iberdrola, S.A. as of January 1, 2016, and remains in force as long as we and/or our subsidiaries continue to operate as a subsidiary of Iberdrola, S.A. in accordance with the provisions of Article 42 of the Spanish Commercial Code. As soon as Avangrid or any of our subsidiaries ceases to be a subsidiary of Iberdrola, S.A., the contractual relationship under the framework agreement will be terminated between such Avangrid entity and Iberdrola, S.A. This declaration of acceptance remains in force under the same terms unless any ground for termination of the framework agreement arises.

Under the framework agreement, Iberdrola, S.A. must provide the relevant services pursuant to standard market conditions. Iberdrola, S.A. cannot receive financial or other types of consideration on a more favorable basis than what a third party in a substantially similar circumstance would receive. Iberdrola, S.A. must provide the relevant services in a manner that will not impair our decision-making capacity, while we must provide accurate and complete information to Iberdrola, S.A. to enable Iberdrola, S.A. to effectively provide the relevant services. Iberdrola, S.A. must provide the relevant services with a level of expertise, care, and diligence that a company providing these services on the open market would provide. We assume any liability that may derive from damage or losses attributable to the instructions or information provided to Iberdrola, S.A.; provided that Iberdrola, S.A. will only be liable for non-performance, defective performance, or negligence. Iberdrola, S.A. is also required to notify us before December 31 of each year regarding the estimated price for each service contracted for the following year.

The framework agreement contains provisions relating to confidentiality, requiring each party to safeguard all information received by the other under the framework agreement. The framework agreement is governed by the laws of Spain and contains arbitration provisions for purposes of dispute resolution. The framework agreement cannot be modified or assigned without our prior written consent or the prior written consent of Iberdrola, S.A. We made payments to Iberdrola, S.A. pursuant to the framework agreement in the approximate amount of \$28.7 million for the year ended December 31, 2022.

Agreements Related to Liquidity Resources and Guarantee and Support

We manage our overall liquidity position as part of the broader Iberdrola group of companies and, on December 1, 2017, entered into a customer liquidity agreement (the "Customer Liquidity Agreement") with Bank of America, National

Association (“BOA”), Iberdrola, S.A., Iberdrola Mexico, S.A. de C.V., and Scottish Power Ltd. Under the Customer Liquidity Agreement, the participants, including Avangrid, may deposit funds with or borrow from BOA, provided that the balance of funds deposited less funds borrowed by all participants in the aggregate is not less than zero. Deposits are available for next day withdrawal. Simultaneous with entry into the Customer Liquidity Agreement, Avangrid and Iberdrola, S.A. entered into an indemnification agreement pursuant to which Iberdrola, S.A. has agreed to indemnify Avangrid against all damages, charges, costs, fees, and other expenses that the company or its subsidiaries may incur arising out of the deposits or borrowings by Iberdrola, S.A., or by the subsidiaries or affiliates of Iberdrola, S.A., other than Avangrid or its subsidiaries pursuant to the Customer Liquidity Agreement. Deposit amounts, if any, are reflected in our consolidated balance sheet under cash and cash equivalents. There was no balance under this agreement on December 31, 2022.

On June 18, 2018, Avangrid entered into a credit facility with Iberdrola Financiacion, S.A.U., a member of the Iberdrola group. The facility has a limit of \$500 million and matures on June 18, 2023. Avangrid pays a facility fee of 10.5 basis points annually on the facility. Avangrid has not borrowed any amounts under this credit facility.

On October 20, 2020, Avangrid entered into an agreement and plan of merger (the “Merger Agreement”) with PNM Resources, Inc. (“PNMR”), and NM Green Holdings, Inc., a wholly-owned subsidiary of Avangrid (“Merger Sub”), pursuant to which Merger Sub will merge with and into PNMR (the “Merger”), with PNMR surviving the Merger as a direct wholly-owned subsidiary of Avangrid.

In connection with the Merger, Iberdrola provided Avangrid with a commitment letter (“Iberdrola Funding Commitment Letter”), pursuant to which Iberdrola unilaterally agreed to provide to Avangrid, or arrange the provision to Avangrid of, funds to the extent necessary for Avangrid to consummate the Merger, including the payment of the aggregate Merger Consideration. The specific terms of any transaction effecting such funding commitment will be negotiated between Iberdrola and Avangrid on an arm’s length basis and must be approved by both (i) a majority of the members of the unaffiliated committee of the board of directors of Avangrid, and (ii) the entire board of directors of Avangrid.

On April 15, 2021, Avangrid entered into a side letter agreement with Iberdrola, which sets forth the terms and conditions relating to the Iberdrola Funding Commitment Letter (the “Side Letter Agreement”). The Side Letter Agreement provides that any drawing in the form of indebtedness made by the company pursuant to the Funding Commitment Letter shall bear interest at an interest rate equal to 3-month LIBOR plus 0.75% per annum calculated on the basis 360-day year for the actual number of days elapsed and, commencing on the date of the Funding Commitment Letter, we shall pay Iberdrola a facility fee equal to 0.12% per annum on the undrawn portion of the funding commitment set forth in the Funding Commitment Letter. The Side Letter Agreement automatically extended upon the extension of the consummation date for the Merger under the Merger Agreement.

On December 14, 2020, Avangrid entered into an intra-group loan agreement with Iberdrola (the “Intra-Group Loan Agreement”), which provides the company with an unsecured subordinated loan in an aggregate principal amount of \$3,000,000,000. The loan bears interest until June 15, 2021, at a rate per annum equal to 0.20%, which shall increase one (1) basis point each month following the first month of the term of the Intra-Group Loan Agreement up to a maximum interest rate of 0.25% per annum, and from June 16, 2021 until the loan and any accrued and unpaid interest is repaid in its entirety, at Avangrid’s equity cost of capital as published by Bloomberg. Interest is payable on a monthly basis in arrears. Avangrid is required to repay the loan in full upon certain equity issuances by Avangrid in which Iberdrola participates or a change of control. In addition, on or after June 15, 2021, upon five business days’ notice to Iberdrola, Avangrid may voluntarily repay the loan and any accrued and unpaid interest, in whole or in part, without prepayment premium or penalty if there is a change in Avangrid’s business plan and Avangrid determines that the loan is no longer required. The Intra-Group Loan Agreement was repaid with proceeds of the Private Placement Shares described below.

On May 12, 2021, Avangrid entered into a share purchase agreement (the “Hyde Purchase Agreement”) with Hyde Member LLC (“Hyde”), a Delaware limited liability company and wholly owned subsidiary of Qatar Investment Authority, to issue and sell to Hyde in a private placement (the “Hyde Private Placement”) approximately \$740,000,000 of Avangrid’s common stock (the “Hyde Placement Shares”), at the purchase price of \$51.40 per share (which was the closing price of the shares of the Common Stock on the New York Stock Exchange as of May 11, 2021) (the “Purchase Price”). Also on May 12, 2021, Avangrid entered into a share purchase agreement with Iberdrola (the “Iberdrola Purchase Agreement” and, together with the Hyde Purchase Agreement, the “Purchase Agreements”), to issue and sell to Iberdrola in a private placement (the “Iberdrola Private Placement” and, together with the Hyde Private Placement, the “Private Placements”) approximately \$3,260,000,000 of Avangrid’s common stock (the “Iberdrola Placement Shares” and, together with the Hyde Placement Shares, the “Private Placement Shares”) at the Purchase Price.

On May 18, 2021, Avangrid closed the sale of the Hyde Placement Shares pursuant to the Hyde Purchase Agreement and the sale of the Iberdrola Placement Shares pursuant to the Iberdrola Purchase Agreement. In connection with the closing, Avangrid issued 14,396,887 shares of common stock to Hyde in consideration for an aggregate purchase price of approximately \$740 million and 63,424,125 shares of common stock to Iberdrola in consideration for an aggregate purchase price of approximately \$3.26 billion. Three billion dollars (\$3.0 billion) of the proceeds were used to repay the intra-group loan under the Intra-Group Loan Agreement described above. After the effect of the private placements, Iberdrola retained its 81.5% ownership interest in Avangrid.

On April 6, 2022, Avangrid entered into a Deposit Agreement with Iberdrola in which Avangrid can make term deposits to Iberdrola between one day and twelve months at a rate agreed upon by both parties. There were no deposits outstanding under the agreement as of December 31, 2022.

2022 Compensation Program Overview

Our executive compensation program is designed to effectively reward performance, while reflecting the responsibilities of our executive officers. Our compensation philosophy is to offer compensation that makes it possible to attract, retain, and motivate highly talented professionals in a way that aligns our business strategy with our environmental, social, governance, and financial stewardship (“ESG+F”) goals, without motivating or rewarding excessive risk-taking. The key elements of our program are base salary, annual cash incentives, and long-term equity incentives. We target a compensation mix for our executive officers that is weighted heavily towards variable compensation, including short-term cash incentives and long-term equity incentives, to align executive compensation with company performance and shareholder interests.

Compensation Practices

The table below highlights certain of our executive compensation practices, including practices we have implemented that drive performance as well as those not implemented because we do not believe they would serve our shareholders' interests.

Independent compensation consultant	The compensation and nominating committee uses an independent compensation consultant.
Annual compensation risk assessment	The compensation and nominating committee conducts an annual risk assessment of our compensation program.
Anti-Hedging and anti-pledging	We prohibit short sales, transactions in derivatives of Avangrid securities, including hedging transactions, and pledging of Avangrid shares.
Stock ownership guidelines & equity retention	Our board adopted stock ownership guidelines of five times base salary for the Chief Executive Officer and three times base salary for our other NEOs and an equity award retention requirement of 50% of net shares until ownership guidelines are met.
Clawback policy	Our board has adopted a clawback policy that requires repayment to Avangrid of certain cash and equity compensation that may be paid in the event of certain acts of misconduct in connection with our financial statements.
No repricing	While there are no stock options outstanding and we do not intend to issue stock options, if they are issued in the future, all stock option exercise prices will be set equal to the grant date market price and may not be repriced without shareholder approval.

2022 "Say-on-Pay" Advisory Vote on Executive Compensation

At our 2022 annual meeting, our shareholders voted approximately 99% (represented by 364,021,843 votes) in favor of approving the compensation of our NEOs. The board of directors and the compensation and nomination committee have each considered these results in determining compensation policies and decisions and have concluded that the compensation paid to our NEOs and the company's overall pay practices are strongly supported by our shareholders.

Our Compensation Program Objectives and Guiding Principles

Our executive compensation philosophy is to offer compensation that makes it possible to attract, retain, and motivate highly-talented professionals, in order to enable us to attain our strategic objectives and ESG+F commitments within the increasingly competitive context in which we operate. The following principles guide the company's compensation decisions:

- *Recruitment, Retention, and Motivation of Key Leadership Talent.* We ensure that our compensation, in terms of structure and total amount, is competitive with that of comparable entities. We review market data to obtain a general understanding of current compensation practices to ensure that compensation offered to our executive officers is reasonably market competitive.
- *Pay for Performance.* A significant portion of compensation for our executive officers is linked to the achievement of specific, pre-established, and quantifiable objectives in line with our strategic goals.
- *Emphasis on Performance over Time.* The compensation program for our executive officers is designed to mitigate excessive short-term decision making and risk taking, while encouraging the attainment of strategic goals through the inclusion of long-term incentives.

We regularly review our compensation practices and policies and periodically modify our compensation programs in light of evolving best practices, competitive positions, and changing regulatory requirements. The compensation and nominating committee works to ensure that the design of our executive compensation program is focused on long-term shareholder value creation, emphasizes pay for performance, and does not encourage imprudent short-term risks. The compensation and nominating committee uses the “say-on-pay” vote as a guidepost for shareholder sentiment, along with continued shareholder outreach, and believes it is critical to maintain and continually develop our compensation program to promote ongoing shareholder engagement, communication, and transparency.

Compensation-Setting Process

The following parties are responsible for the development and oversight of our executive compensation program:

Role of the Compensation and Nominating Committee

The compensation and nominating committee reviews and recommends to the board the compensation of Avangrid's executive officers and acts as the administering committee for Avangrid's equity compensation plans. Each year, the compensation and nominating committee conducts an evaluation of Avangrid's executive compensation program to determine if any changes would be appropriate. In making this analysis, the compensation and nominating committee may consult with its independent compensation consultant and management, as described below; however, the compensation and nominating committee uses its own judgment in making recommendations to the board, which then makes the final decisions regarding the compensation paid to our executive officers. To the extent the board and

compensation and nominating committee deem appropriate, executive compensation matters relating to or governed by Section 162(m) of the Code or Rule 16b-3 of the Exchange Act are delegated to a subcommittee of the compensation and nominating committee comprised entirely of two or more directors who qualify as “outside directors” within the meaning of Section 162(m) of the Code and “non-employee directors” within the meaning of Rule 16b-3 of the Exchange Act. For additional information regarding the compensation subcommittee, see **“Corporate Governance – Compensation and Nominating Committee.”**

Role of the Independent Compensation Consultant

The compensation and nominating committee retained the Human Capital Solutions practice, a division of Aon plc (“Human Capital Solutions”), to serve as its compensation consultant in 2022 to provide counsel and advice on executive and non-employee director compensation matters. Human Capital Solutions provided the compensation and nominating committee and the company’s management information about peer groups against which performance and pay should be examined, financial metrics to be used to assess the company’s relative performance, competitive long-term incentive practices in the marketplace, and compensation levels relative to market practice. To ensure that Human Capital Solution’s consulting services remain independent and objective: (i) at least annually, the compensation and nominating committee conducts a review of its performance and independence; and (ii) Human Capital Solution’s fees are not linked to the size of the company’s executive compensation. The compensation and nominating committee has reviewed the independence of Human Capital Solutions, including the “independence” factors contained in Section 303A.05 of the NYSE Listed Company Manual and SEC rules, and determined that Human Capital Solutions is independent and the services provided by Human Capital Solutions do not raise any conflicts of interest. Human Capital Solutions received approximately \$86,200 in fees for services performed in 2022 related to benchmarking or recommending the amount or form of executive and non-employee director compensation. Separately, management engaged Aon plc to perform unrelated services and Aon plc was paid approximately \$209,000 for services performed in 2022, which included compensation analysis and other consulting services unrelated to executive and non-employee director compensation matters. The compensation and nominating committee was informed about these services, but its formal approval was not requested.

Role of the CEO and Other Executive Officers

The Chief Executive Officer and the Chief Human Resources Officer made recommendations regarding compensation of the executive officers (other than for the Chief Executive Officer) based on competitive market data, internal pay equity, responsibilities, and performance. The compensation and nominating committee reviewed, and made recommendations to the board, which made all final determinations regarding executive officer compensation, including salary, bonus targets, and related performance goals with respect to 2022 compensation. The executive officers, including the NEOs, do not propose or seek approval for their own compensation.

Role of Peer Companies and Other Benchmarking

Our board believes that market data is essential to determining compensation targets and actual awards for executives in an effort to attract and retain highly talented executives. Market data is used to assess the competitiveness of the company's compensation packages relative to similar companies and to ensure the company's compensation program is consistent with its compensation philosophy, but the board does not target direct compensation at any particular market percentile. As part of its review of the executive compensation program, the compensation and nominating committee engaged Human Capital Solutions in 2022 to conduct a market compensation analysis for our executive officers, including the NEOs, utilizing proprietary survey data and a group of twenty-one publicly-traded utility and energy companies based on fiscal year-end revenues, market capitalization, positive total shareholder return performance, and comparable business focus (the "2022 Peer Group"). Each year, the compensation and nominating committee evaluates and, if appropriate, updates the composition of the peer group. Changes to the peer group are carefully considered and made infrequently to assure continuity from year to year. The compensation and nominating committee reviewed and determined that no changes to the peer group utilized for 2022 compensation were necessary. The consideration of competitive compensation data is one of several factors that the compensation and nominating committee considers with respect to the compensation of our executive officers, including our NEOs. The companies in the peer group utilized for 2022 compensation are listed below:

Peer Group

Alliant Energy Corporation	DTE Energy Company	OGE Energy Corp.
Ameren Corporation	Edison International	Pinnacle West Capital Corporation
American Electric Power Company, Inc.	Entergy Corporation	PPL Corporation
CenterPoint Energy, Inc.	Evergy, Inc.	Public Service Enterprise Group Inc
CMS Energy Corp.	Eversource Energy	Sempra Energy
Consolidated Edison, Inc.	FirstEnergy Corp.	WEC Energy Group, Inc.
Dominion Energy, Inc.	NiSource Inc.	XCEL Energy Inc.

Elements of Compensation

The objective of our executive compensation programs is to attract and retain talented executives and motivate them to achieve our strategic objectives through a combination of cash and equity-based compensation. Other elements of compensation, including retirement benefits, life insurance, savings, health and welfare plans, and other benefits offered to employees generally are also considered in order to evaluate the entire compensation package offered to executives.

Compensation for our executive officers, including NEOs, primarily consists of:

	Compensation Element	Form	Purpose	How it Links to Performance
<div> <div>FIXED</div> <div>VARIABLE</div> </div>	Base Salary	Cash	To provide a fixed element of compensation, which is intended to help attract and retain highly talented individuals	Reviewed annually in light of performance factors (company and individual), experience, and market compensation practices
	Annual Incentive	Cash	To promote the achievement of annual performance measures, which are reviewed annually	Variable and based on pre-established company and business/corporate function performance goals and individual performance assessment
	Long-Term Incentive Awards	Equity	To motivate sustained performance over the long term, and align the interests of our executives and our shareholders	Variable and based on our financial performance in the form of performance share units (PSUs) that are only earned if the applicable performance goals over the performance period are met

2022 Base Salary for NEOs

Base salary is a customary, fixed element of compensation intended to attract and retain executives. Our compensation and nominating committee reviews base salaries annually and considers market data provided by its independent compensation consultant, market surveys, and internal comparisons, as well as the need to maintain internal pay equity. The table below shows salaries and salary increases for 2022 for NEOs approved by the compensation and nominating committee.

Name	2022 Base Salary (\$)	Salary Increase (% over 2021 Base Salary)
Pedro Azagra Blázquez	\$1,150,000	—
Patricia Cosgel	\$400,000	—
Catherine Stempien	\$625,000	7.8%
R. Scott Mahoney	\$550,000	6.4%
Jose Antonio Miranda Soto	\$450,000	12.5%
Dennis Arriola (former CEO)	\$1,150,000	4.6%
Douglas Stuver (former CFO)	\$500,000	0.0%
Robert Kump (former Deputy CEO)	\$705,738	0.0%
William White (former Co-CEO and President – Offshore)	\$450,000	12.5%

The salary increases for Ms. Stempien and Messrs. Mahoney, Miranda Soto, Arriola, and White reflect the compensation and nominating committee's consideration of their respective positions and relevant market data provided by its consultant as compared to their experiences and performance in their roles and were approved in recognition of their contributions and continued dedicated services to Avangrid.

2022 Annual Incentive – Plan Structure

Each of our executive officers, including NEOs, participated in the Executive Variable Pay Plan (the “EVP Plan”), our annual cash incentive plan, during the year ended December 31, 2022. The EVP Plan is designed to provide executives and certain other key employees of the company and its affiliates with the opportunity to earn annual incentive compensation through engagement in promoting the company’s objectives and superior management performance and is intended to promote the future growth and success of the company and its affiliates, and enhance the linkage between employee, customer, and shareholder interests.

Officers and key employees of the company and its affiliates selected to participate by the board of directors and who were employed prior to October 1, 2022 were eligible to participate in the EVP Plan during 2022. The compensation and nominating committee approved a threshold, target, and maximum incentive opportunity level for each NEO (as set forth below under “**Executive Compensation – 2022 Annual Incentive – EVP Payouts**”), expressed as a percentage of annual base salary as of December 31, 2022, which is based on the level of the employee’s position and the scope of the employee’s responsibilities. Payments under the EVP Plan are made in cash. Participants may elect, during the year preceding the performance period, to defer up to 100% of any potential cash incentive award into the Avangrid Deferred Compensation Plan.

Performance under the EVP Plan is measured under three levels (Avangrid corporate, business/corporate function, and individual performance assessment). The tables below show the EVP Plan allocation among the three categories of metrics for each NEO other than Messrs. Arriola and Stuver, each of whom forfeited eligibility for an EVP Plan payout with respect to 2022 in connection with their respective resignations from Avangrid.

Name	Corporate Metrics (%)	Business/Corporate Function Metrics (%)	Performance Assessment Metrics (%)*
Pedro Azagra Blázquez	60	—	40
Patricia Cosgel	25	45	30
Catherine Stempien	25	45	30
R. Scott Mahoney	25	45	30
Jose Antonio Miranda Soto	25	45	30
Robert Kump	25	45	30
William White	25	45	30

* Performance Assessment Metric represents an individual performance assessment conducted by the board with respect to the Chief Executive Officer’s performance and an individual performance assessment conducted by the Chief Executive Officer for the other NEOs.

For NEOs, all EVP Plan corporate and business/corporate function metrics are set by the compensation and nominating committee and reflect Avangrid’s key ESG and financial priorities driving business strategy. For 2022, the compensation and nominating committee determined that it was appropriate to remove Adjusted Net Profit and Earnings Per Share and replace them with Adjusted Net Income and Total Shareholder Return.

Payouts under the EVP Plan are based upon achievement of the performance metrics, with no payouts made for below threshold achievement of metrics, and payouts for performance between levels are determined using straight-line linear interpolation. The level of achievement of the corporate metrics (threshold, target, and maximum) is the same for each participant under the EVP Plan including the NEOs. Maximum performance is obtained by achieving maximum level of the performance goals and results in a payout equal to 200% of his base salary for Messrs. Azagra Blázquez and Arriola, 135% of his base salary for Mr. Kump, 100% of her base salary for Ms. Cosgel, 120% of their base salaries for Messrs. Stuver, Miranda Soto, and White, 110% of his base salary for Mr. Mahoney, and 130% of her base salary for Ms. Stempien. Target performance is obtained by achieving the target level of the performance goals and results in a payout equal to 100% of his base salary for Messrs. Azagra Blázquez and Arriola, 67.5% of his base salary for Mr. Kump, 50% of her base salary for Ms. Cosgel, 60% of their base salary for Messrs. Stuver, Miranda Soto, and White, 55% of his base salary for Mr. Mahoney, and 65% of her base salary for Ms. Stempien.

- **Adjusted Net income**, as used for the purposes of the EVP Plan metric, is Avangrid's adjusted net income as reported in Avangrid's Annual Report on Form 10-K for the year-ended December 31, 2022. Adjusted net income is a non-GAAP financial measure. See Annex A to this proxy statement for a discussion of adjusted net income as well as a reconciliation of adjusted net income to net income prepared in accordance with U.S. GAAP.
- **Total shareholder return**, as used for the purposes of the EVP Plan metric, is based upon Avangrid's Total Shareholder Return percentile relative to the S&P 500 Utilities Index and compared to the Total Shareholder Return of NextEra Energy, Inc., Consolidated Edison, Inc., and Eversource Energy.
- **EBITDA new onshore MWs 2022**, as used for the purposes of the EVP Plan metric, is based on the portion of Avangrid's Adjusted EBITDA attributable to Avangrid's new Renewables projects reaching commercial operation during the relevant performance period. See Annex A to this proxy statement for a discussion of Adjusted EBITDA.
- **Customer metrics**, as used for the purposes of the EVP Plan metric, is measured based upon achievement of a targeted system average interruption frequency index (SAIFI) and system average interruption duration index (SAIDI) during the relevant performance period.
- **Health and safety and targets**, as used for the purpose of the EVP Plan metric, is measured based upon achievement of targeted employee lost time injury rates and percent of providers that meet the threshold of criteria to be considered a sustainable provider.
- **Sustainable suppliers**, as used for the purposes of the EVP Plan metric, is measured based upon the percentage of suppliers deemed sustainable as assessed against 43 relevant ESG criteria.

2022 Annual Incentive – Business/Corporate Function Metrics

Business objectives are established at the beginning of each year and are specific to the participant's business area objectives. Subsequently, the levels of achievement of the business are measured against these pre-established goals and objectives. The business objectives are intended to be considered together with the corporate objectives (as described above) to ensure a tailored evaluation of performance and reflect Avangrid's financial, operational, and ESG-related strategic objectives. EVP Plan awards are not payable if threshold performance targets are not met at the Avangrid corporate level. Messrs. Azagra Blázquez and Arriola were not subject to business objectives in 2022.

Patricia Cosgel. As the Senior Vice President – Chief Financial Officer, Ms. Cosgel was subject to four business objectives during 2022, and her total achievement, reflecting both the business objectives and the corporate results, was approximately 168% of her target incentive opportunity, as determined by the compensation and nominating committee. Ms. Cosgel's business objectives for 2022 were related to effectively managing finance department budget and financing costs, maintaining effective internal controls, and achieving targets related to investor and shareholder relations.

R. Scott Mahoney. As Senior Vice President – General Counsel and Corporate Secretary, Mr. Mahoney was subject to three business objectives during 2022, and his total achievement, reflecting both the business objectives and the

corporate results, was equal to 186% of his target incentive opportunity, as determined by the compensation and nominating committee. Mr. Mahoney's business objectives for 2022 were related to successful achievement of governance improvements, achieving reductions in external legal costs and positive legal results, and effectively supporting business transformation efforts.

Catherine Stempien. As President and Chief Executive Officer of Networks, Ms. Stempien was subject to four business objectives during 2022, and her total achievement reflecting both the business objectives and corporate results, was equal to 170% of her target incentive opportunity, as determined by the compensation and nominating committee. Ms. Stempien's business objectives for 2022 were related to achieving Networks-specific financial targets, implementing identified growth initiatives, and achieving safety and operational metrics.

Jose Antonio Miranda Soto. As President and Chief Executive Officer of Renewables, Mr. Miranda Soto was subject to four business objectives during 2022, and his total achievement reflecting both the business objectives and corporate results, was equal to 179% of his target incentive opportunity, as determined by the compensation and nominating committee. Mr. Miranda Soto's business objectives for 2022 were related to achieving Renewables-specific financial targets, implementing identified growth initiatives and operating performance improvements, and achieving ESG goals.

Douglas Stuver. As the former Senior Vice President – Chief Financial Officer, Mr. Stuver was subject to six business objectives during 2022, and his total achievement, reflecting both the business objectives and the corporate results, was equal to 144% of his target incentive opportunity, as determined by the compensation and nominating committee. Due to Mr. Stuver's voluntary resignation prior to the incentive payout, no payment was made under the terms of the EVP plan. Mr. Stuver's business objectives for 2022 were related to achieving purchasing savings and supplier sustainability goals, maintaining effective internal controls, effectively managing the average cost of debt, achieving project milestones related to the proposed merger with PNM Resources, Inc. (the "PNM Merger"), and effectively managing combined personnel and external service costs.

Robert Kump. As the former Deputy CEO & President, Mr. Kump was subject to four business objectives during 2022, and his total achievement, reflecting both the business objectives and the corporate results, was equal to 65% of his target incentive opportunity, as determined by the compensation and nominating committee. Mr. Kump's business objectives for 2022 were related to achieving profitability targets, implementing business improvement initiatives, achieving project-related milestones and cost and risk reductions, and achieving legislative approval for the securitization of assets on key projects. Due to Mr. Kump's retirement, he received a prorated EVP Plan payout at the same time as the other eligible NEO's received their respective EVP Plan payouts based on the number of days employed during 2022.

William White. As the former Co-Chief Executive Officer and President – Offshore of Renewables, Mr. White was subject to five business objectives during 2022, and his total achievement reflecting both the business objectives and the corporate results was equal to 155% of his target incentive opportunity, as determined by the compensation and nominating committee. Mr. White's business objectives for 2022 were related to achieving Renewables Offshore-specific net operating expense targets, successful project execution, implementing identified growth and performance initiatives, and achieving ESG goals.

2022 Annual Incentive – EVP Payouts

Based on the extent to which the company, Networks, Renewables, and the corporate functions achieved the performance goals, as shown above, the following table shows the incentive eligible earnings threshold, target, and maximum incentive percentages and actual payout amounts for each NEO. These amounts are expressed as a percentage of incentive eligible earnings commensurate with such NEO's position and scope of responsibilities for 2022 performance. The incentive opportunity as a percentage of base salary is based on industry-competitive practices and internal equity considerations. Additionally, the percentage of compensation at risk reflects levels of accountability and degree of influence each participant has with respect to the performance of the company. Senior executives have greater levels of accountability and degrees of influence, which corresponds to a greater percentage of base salary under the EVP Plan and, in turn, results in a greater aggregate payout opportunity. The range of the EVP Plan payout is set from 0% to 200% of target from threshold to maximum performance levels, respectively, with the actual EVP Plan payout interpolated from target based on actual performance levels.

Long-Term Incentive

We provide long-term equity incentive compensation to help align our executives', including our NEOs', interests with the long-term interests of our shareholders. We also grant long-term equity incentive awards in order to attract, motivate, and retain executive talent. Our long-term incentive compensation is designed to provide grants with multi-year performance periods that do not overlap, followed by a multi-year retention period.

2016 – 2019 Long-Term Incentive Plan. On July 14, 2016, the independent compensation forum of the board (the predecessor to the compensation and nominating committee, which was established in October 2016) granted Messrs. Kump, Stuver, and Mahoney, performance stock units (“PSUs”) under the 2016-2019 Long Term Incentive Plan (the “2016 LTIP”). The 2016 LTIP was designed to promote the achievement of key strategic goals and retention of Avangrid senior management. In determining the size of equity awards to these NEOs, the independent compensation forum considered peer group proxy and market survey data. Under the 2016 LTIP, PSUs are earned at the end of the four-year period to the extent that Avangrid has met the performance goals established by the independent compensation forum. Earned PSUs are then paid in Avangrid common shares over an additional three-year period, provided the grantee remains employed by the company or any affiliate through the applicable payment date or is separated from service due to death, disability, or retirement. The 2016 LTIP was tied to achievement of the following equally weighted performance metrics during the 2016 to 2019 performance period: net income (compound annual growth rate), operational efficiency (net debt/adjusted EBITDA), and share price performance. On February 18, 2020, the compensation, nominating and corporate governance committee evaluated the performance achievement under the 2016 LTIP. Earned PSUs are issued and delivered in three equal installments. The first installment was delivered on May 1, 2020, the second installment was delivered on February 25, 2021, and the final installment was delivered on March 8, 2022.

2020 Phantom Units. On March 18, 2020, the compensation and nominating committee granted Messrs. Stuver and Mahoney phantom share units (“Phantom Units”) under the Avangrid, Inc. Amended and Restated Omnibus Incentive Plan (the “Omnibus Incentive Plan”). These Phantom Unit awards were intended to facilitate retention and incentivize continued performance. The Phantom Units vested in three equal installments, the first installment vested on June 15, 2020, the second installment vested on February 25, 2021, and the final installment vested on March 8, 2022. Each installment was settled in a cash amount equal to the number of Phantom Units multiplied by the fair market value of Avangrid’s common shares on the respective vesting dates. A summary of the Phantom Units awarded to the NEOs is as follows:

Name	Grant Date	Phantom Share Units (#)	Grant Date Value of Phantom Share Units (\$)⁽¹⁾
Douglas Stuver ⁽²⁾	March 18, 2020	8,260	414,404
R. Scott Mahoney	March 18, 2020	22,775	1,142,622

⁽¹⁾ For discussion of the assumptions used in these valuations, see Note 26 – Stock-Based Compensation of our audited consolidated financial statements for the year ended December 31, 2022 included in our 2022 Annual Report on Form 10-K.

⁽²⁾ The final installment of 2,753 Phantom Units was forfeited upon Mr. Stuver’s resignation on February 23, 2022.

2022 Phantom Units. On February 15, 2022, the compensation and nominating committee granted Mr. Mahoney phantom share units (“Phantom Units”) under the Omnibus Incentive Plan. These Phantom Unit awards were intended to reward service, facilitate retention and incentivize continued performance. The Phantom Units vested in four equal installments, the first installment vested on August 15, 2022, the second installment vested on February 15, 2023, the third installment will vest on August 15, 2023, and the final installment will vest on February 15, 2024. Each installment will be settled in a

cash amount equal to the number of Phantom Units multiplied by the fair market value of Avangrid's common shares on the respective vesting dates. A summary of the Phantom Units awarded to the NEOs is as follows.

Name	Grant Date	Phantom Share Units (#)	Grant Date Value of Phantom Share Units (\$) ⁽¹⁾
R. Scott Mahoney	February 15, 2022	3,000	131,640

⁽¹⁾ For discussion of the assumptions used in these valuations, see Note 26 – Stock-Based Compensation of our audited consolidated financial statements for the year ended December 31, 2022 included in our 2022 Annual Report on Form 10-K.

2020 – 2022 Long-Term Incentive Plan. On February 15, 2021, the compensation and nominating committee adopted the 2020 – 2022 Long-Term Incentive Plan (the “2020 LTIP”) pursuant to the Omnibus Incentive Plan. The 2020 LTIP is designed to align the interests of executives and key employees with the company's shareholders and motivate sustained performance over the long term by promoting the achievement of corporate-wide ESG goals that the compensation and nominating committee believed could positively impact the company's operational performance. In determining the size of equity awards to these NEOs, the compensation and nominating committee considered peer group proxy and market survey data.

Under the 2020 LTIP, PSUs are earned at the end of the two-year performance period measured from January 1, 2021 through December 31, 2022 to the extent the company has met the performance goals established by the compensation and nominating committee. The two-year performance period under the 2020 LTIP (rather than a four-year performance period, which was aligned with the long-term incentive plan of Iberdrola, S.A., the company's majority shareholder) was determined by the compensation and nominating committee to be appropriate as a reflection of the unique challenges presented by setting long-term performance objectives during 2020 due to the impacts of COVID-19 corresponding with a Chief Executive Officer succession. Earned PSUs are then paid in the company's common shares over an additional three-year retention period, provided the grantee remains employed by the company or any affiliate through the applicable payment date or is separated from service due to death, disability, retirement, resignation for “good reason”, resignation to serve with an affiliate of the company or by the company without cause (all as defined by the PSU award agreement or the Omnibus Incentive Plan). Unvested PSUs do not earn dividends. A summary of the PSU grants made to the NEOs during 2022 under the 2020 LTIP is as follows:

Name	Grant Date	Threshold Performance Share Units (#)	Target Performance Share Units (#)	Maximum Performance Share Units (#)	Grant Date Fair Value of Performance Share Units (\$) ⁽¹⁾
Pedro Azagra Blázquez	June 6, 2022	0	24,305	48,610	1,499,619
Patricia Cosgel	June 29, 2022	0	4,217	8,433	260,158

⁽¹⁾ The fair value of the PSUs on the grant date was \$36.22 per share, which was determined using valuation techniques to forecast possible future stock prices, applying a weighted average historical stock price volatility of AVANGRID and industry companies, a risk-free rate of interest that is equal, as of the grant date, to the yield of the zero-coupon U.S. Treasury bill and a reduction for the respective dividend yield calculated based on the most recent quarterly dividend payment and the stock price as of the grant date. For more information, see Note 26 – Stock-Based Compensation of our audited consolidated financial statements for the year ended December 31, 2022 included in our 2022 Annual Report on Form 10-K.

The 2020 LTIP is tied to achievement of the following performance objectives during the 2021 to 2022 performance period. Pursuant to the terms of the plan, the initial installment of earned PSUs will be paid out by June 30, 2023.

Objective	Weight	Threshold (0%)	Target (50%)	Maximum (100%)	Results	Level of Achievement
Adjusted Net Income ⁽¹⁾	35%	\$731M	\$877M	\$1.023B	\$901M	100%
Total Shareholder Return ⁽²⁾	35%	Less than 25th percentile	50th percentile	75th percentile or greater	0%	0%
Sustainability ⁽³⁾	30%	Zero Achievements	Two Achievements	Four Achievements	Four	100%

⁽¹⁾ Adjusted Net Income, as used for the purposes of the 2020 LTIP objective, is calculated based on Avangrid's adjusted net income excluding certain non-recurring adjustments as reported in the company's earnings releases or annual reports on Form 10-K. See Annex A to this proxy statement for a discussion of adjusted net income as well as a reconciliation of adjusted net income to net income prepared in accordance with U.S. GAAP. The compensation and nominating committee adjusted the maximum achievement percentage for this metric because the PNM merger did not take place during 2022 and revised the Adjusted Net Income target to \$803 million from \$1.023 billion.

⁽²⁾ Total Shareholder Return, as used for the purposes of the 2020 LTIP objective, is calculated based on Avangrid's ranking within the S&P 500 utilities index based on 20 trading day average.

⁽³⁾ Sustainability, as used for the purposes of the 2020 LTIP objective, is measured based on achievement of corporate-wide ESG goals including Vineyard Wind 1 and NECEC project milestones, supplier sustainability targets, and completion of unconscious bias training that the compensation and nominating committee believe can positively impact Avangrid's operational performance and include key project milestones, supplier sustainability targets, and driving a diverse and inclusive culture.

On February 16, 2023, the compensation and nominating committee evaluated the performance achievement under the 2020 LTIP and determined that the level of achievement under the 2020 LTIP plan was 65% of the maximum PSUs awarded under the plan. Earned PSUs will be issued and delivered in three equal installments (June 30, 2023, March 31, 2024, and March 31, 2025, respectively). The closing price of Avangrid's common shares on the NYSE on the dates of each respective payout will be used to value the shares delivered to each participant.

Sign-On Bonus

In connection with the commencement of her employment as President and CEO of Avangrid Networks in March 2021, Ms. Stempien received a special one-time transition and employment inducement award of \$400,000 in the aggregate intended to offset certain compensation opportunities Ms. Stempien forfeited when she left her former employer. The inducement award was payable in two installments subject to her continued employment through each payment date, as follows: (i) \$200,000 on the first regular payroll pay date following sixty days of service; and (ii) \$200,000 on the first regular payroll pay date following March 1, 2022. In the event that Ms. Stempien voluntarily resigns her employment without “good reason” (as defined in her employment agreement) before December 31, 2023, she must repay the one-time payment made by the company in that calendar year no later than six months after her date of termination.

The inducement award was payable immediately on the first regular payroll pay date commence of service. In the event that Mr. Azagra Blázquez voluntarily resigns his employment without “good reason” (as defined in his employment agreement) before June 30, 2024, he must repay the one-time payment made by the company in that calendar year no later than six months after his date of termination.

Perquisites and Other Personal Benefits

We offer a limited number of perquisites and other personal benefits to our executive officers, including NEOs. Perquisites are not a material part of our compensation program. Our compensation and nominating committee reviews the levels of perquisites and other personal benefits provided to our NEOs. See “[Executive Compensation – Summary Compensation Table – All Other Compensation](#).”

Post-Employment Compensation Arrangements

To attract and retain diverse talent, we offer various arrangements that provide certain post-employment benefits in order to alleviate concerns that may arise in the event of an employee’s separation from service with us and enable employees to focus on their duties while employed by us. These post-employment benefits are provided through employment agreements, letter agreements and severance agreements as described more fully below under “[Executive Compensation – Summary of Employment Agreements](#)” and “[Executive Compensation – Potential Payments upon Termination or Change in Control](#).”

Certain of our NEOs also participate in qualified defined benefit pension and non-qualified deferred compensation plans. See “[Executive Compensation – Pension Benefits](#)” and “[Executive Compensation – Nonqualified Deferred Compensation](#).”

Our NEOs also may participate in a defined contribution 401(k) retirement plan, administered through Avangrid Management Company, LLC (“AMC”), a wholly-owned subsidiary of the company, that is available to substantially all of our non-union employees.

Compensation and Risk

We annually conduct risk assessments to determine the extent, if any, to which our compensation practices and programs may create incentives for excessive risk-taking. We believe our compensation program mitigates risk by emphasizing long-term compensation and financial performance measures, rather than simply rewarding shorter-term performance and payout periods, which discourages imprudent short-term decision making and risk taking. For these reasons, we do not believe that our compensation policies and practices create risks that are reasonably likely to have a material adverse effect on us.

Stock Ownership and Retention Guidelines

In April 2021, we amended our stock ownership policy designed to align the interests of our executive officers with those of the company’s shareholders by requiring all executive officers to maintain a stated level of stock ownership. Pursuant to this policy, each executive officer must retain at least 50% of net shares paid as incentive compensation until such officer has met or exceeded his or her respective ownership requirement. In accordance with this policy, our Chief Executive Officer is required to hold shares equal to at least five times his base salary and our other NEOs are required to hold shares equal to at least three times their base salary. As of the date of this proxy statement, all of our NEOs are in compliance with the requirements of our stock ownership policy.

Clawback Policy

Effective February 15, 2018, our board approved an executive compensation recovery policy (i.e., clawback policy), which provides that the compensation and nominating committee may require executive officers to repay or deliver certain executive compensation in the event of an accounting restatement resulting from material noncompliance with financial reporting requirements under federal securities laws, including, without limitation, any restatement required to correct errors that were not material to previously issued financial statements but would result in a material misstatement if (a) the errors were left uncorrected in the current report or (b) the error correction was recognized in the current period. Once the NYSE promulgates final rules for required clawback policies, we intend to review our clawback policy and, if necessary, amend such policy to comply with the new mandates.

No Excise Tax Gross-up Provisions

We have no excise tax gross-up provisions in executive employment or change in control arrangements or executive compensation plans and, as a part of the company's response to feedback from our shareholders, the board and compensation and nominating committee have committed to not including excise tax gross-up provisions in any new arrangements or plans.

Prohibition Against Hedging, Pledging, and Similar Transactions

Pursuant to our insider trading policy, short sales, hedging or similar transactions, derivatives trading and pledging Avangrid securities, or using Avangrid securities as collateral, are prohibited for all Avangrid directors, officers (including our NEOs), employees, consultants, and contractors.

Summary Compensation Table

The following table provides certain information concerning the compensation for services rendered to us during the three years ended December 31, 2022 by (i) our current and former principal executive officer, (ii) our current and former principal financial officer, (iii) each of the three other most highly-compensated individuals in 2022 who were serving as executive officers of the company as of December 31, 2022, and (iv) two additional executive officers who would have been among our three most highly-compensated individuals in 2022 that were not serving as executive officers of the company as of December 31, 2022.

In the event that Mr. Azagra Blázquez's employment is terminated due to resignation without "good reason", by retirement, death, or disability, Mr. Azagra Blázquez will be entitled to receive actual incentive for the year, pro-rated through date of termination based on actual performance.

Summary of Equity Incentive Plans

Avangrid, Inc. Amended and Restated Omnibus Incentive Plan

At the 2016 annual meeting, shareholders approved the Avangrid, Inc. Omnibus Incentive Plan, which was amended and restated by our board on March 16, 2017, to eliminate the “evergreen” feature so that shareholder approval is required to increase the number of shares available for equity grants under the plan. On February 16, 2021, upon the recommendation of the former compensation, nominating and corporate governance committee, our board of directors unanimously approved an amendment to the plan to increase the individual share limit for equity-based awards under the plan from 250,000 shares to 300,000 shares of company common stock and to make certain additional immaterial administrative changes, which shareholders approved at the 2021 annual meeting (the “Omnibus Incentive Plan”). The Omnibus Incentive Plan provides for grants of stock options (both stock options intended to be “incentive stock options” under Section 422 of the Code and non-qualified stock options), stock appreciation rights, restricted stock, restricted stock units, dividend equivalent rights, cash-based awards, and other stock-based or stock-related awards (including performance awards) pursuant to which our common stock, cash, or other property may be delivered. Each award is evidenced by an award agreement, which will govern that award’s terms and conditions. The maximum number of shares allocated to all participants under all subplans of the Omnibus Incentive plan may not exceed 2,500,000 Avangrid shares.

2016 LTIP

PSUs granted under the 2016 LTIP were earned at the end of the four-year performance period to the extent the performance goals were met and become vested and paid in the company’s common shares over an additional three-year period, provided the participant remains employed by the company or any affiliate through the applicable payment date. The 2016 LTIP has a term of seven years, within which the period between financial years 2016 and 2019 is the period for evaluation of achievement of the performance goals and the period between financial years 2020 and 2022 is the vesting and payment period.

In the event that a participant under the 2016 LTIP is terminated for any reason other than death, disability, retirement, resignation for “good reason,” or termination by the company without “cause” (all as defined in the 2016 LTIP) prior to the payment date, such participant shall not be entitled to receive the outstanding unvested awards. In the event of retirement, disability, death, or resignation for “good reason” or termination by the company without “cause” prior to the payment date, the participant is entitled to a prorated award based on the number of days of participation, subject to the objectives having been achieved and certain other conditions having been fulfilled. PSUs will be payable in shares of the company’s common stock.

If there is a change in control during the three-year payment period that constitutes a “change in control event” as defined in Treasury Regulation Section 1.409A-3(i)(5)(i), then all outstanding PSUs will vest based on the actual performance levels achieved at the end of the performance period and the compensation and nominating committee may, in its sole discretion, accelerate payment of shares of common stock in respect of such PSUs.

For additional information about the 2016 LTIP, see the section entitled “**Compensation Discussion and Analysis – Elements of Compensation – Long Term Incentive**” beginning on page 54.

2020 LTIP

PSUs granted under the 2020 LTIP are earned at the end of the two-year performance period to the extent that the company has met the performance goals established by the compensation and nominating committee. Earned PSUs then vest and are paid in the company’s shares of common stock over an additional three-year period, provided the participant remains employed by the company or any affiliate through the applicable payment date. The 2020 LTIP has a term of five years, within which the period between financial years 2021 and 2022 is the period for evaluation of achievement of the performance goals and the period between financial years 2023 and 2025 is the payment period.

In the event that a participant under the 2020 LTIP is terminated for any reason other than death, disability, retirement, resignation to serve with and continued service with an affiliate of the company, resignation for “good reason,” or termination by the company without “cause” (all as defined in the 2020 LTIP) prior to the payment date, such participant shall not be entitled to receive the outstanding unvested awards. In any of these events, the participant is entitled to a prorated award based on the number of days of participation, subject to the objectives having been achieved and certain other conditions having been fulfilled. PSUs will be payable in shares of the company’s common stock. If there is a change in control during the three-year payment period that constitutes a “change in control event” as defined in Treasury Regulation Section 1.409A-3(i)(5)(i), then all outstanding PSUs will vest based on the actual performance levels achieved at the end of the performance period and accelerate payment of shares of common stock in respect of such PSUs.

R. Scott Mahoney

Mr. Mahoney participates in the Retirement Income Plan Non-Union Employees of CMP (the "CMP Pension Plan"), a defined benefit pension plan of Avangrid's subsidiary intended to be qualified under Section 401(a) of the Code. Employees who have reached age 21 are eligible to participate in the CMP Pension Plan, provided, however, that no new employees are eligible to participate after January 1, 2014. The amount of monthly retirement benefit payable to a participant beginning at age 65 is calculated based on a participant's years of service and monthly average of the participant's highest 60 consecutive calendar months of basic earnings during the 120-month period ending in the month in which the participant's service termination date occurs. The normal form of benefit is a single life annuity for unmarried participants and a 50% contingent annuity for married participants, provided that the participant may elect other forms of actuarially equivalent benefits including a joint and survivor annuity. Participants eligible for early retirement will receive a reduced basic annual benefit upon such early retirement after attaining age 55. Benefits are unreduced at age 62 for participants with at least five years of service.

Mr. Mahoney also participates in the Energy East Corporation ERISA Excess Plan (the “Energy East Excess Plan”), which increases retirement benefits available to certain executives beyond those currently provided by the tax qualified defined benefit plans due to limitation under the Code on the amount of benefit that can be accrued and the amount of compensation that can be used to calculate benefits. The benefit payable under the Energy East Excess Plan is generally (i) the benefit payable at date of commencement as a straight life annuity specified by the qualified defined benefit pension plan the executive participates minus (ii) the benefit payable at date of commencement as a straight life annuity under the qualified defined benefit pension plan the executive participates in. Upon separation from service, retirement, or disability, a participant will receive a benefit payable in the form of an actuarially equivalent lump sum. Any portion of the actuarially equivalent lump sum benefit attributable to the eligibility, compensation, and service after December 31, 2004 may be delayed until the earlier of (i) the beginning of the seventh month following the month of the participant’s separation from service (due to termination of employment or retirement) or (ii) death. Assets for the Energy East Excess Plan are in a rabbi trust.

Effective June 30, 2022, benefit accruals under the CMP Pension Plan and the Energy East Excess Plan were frozen and instead of future benefit accruals, the Company provides an enhanced 401(k) match formula increasing the current 401(k) plan match from 50% of 8% of each eligible employee’s compensation to 150% of 8% of each eligible employee’s compensation effective July 1, 2022.

Robert Kump

Mr. Kump participates in the Retirement Benefit Plan for Employees of NYSEG (the “NYSEG Pension Plan”), a defined benefit pension plan of Avangrid’s subsidiary intended to be qualified under Section 401(a) of the Code. Non-union employees who perform at least an hour of service are eligible to participate in the NYSEG Pension Plan, provided, however, that no new non-union employees are eligible to participate after January 1, 2014. Mr. Kump’s retirement benefits under the NYSEG Pension Plan are calculated based on his years of service and average annualized regular earnings during the 120-month period ending with the calendar month immediately preceding the calendar month in which he terminates service. Benefits are generally in the form of a single life annuity for unmarried participants and a 50% contingent annuity with a five-year pop-up for married participants, provided that the participant may elect other forms of payment including a joint and survivor annuity, a single life annuity with ten years certain, or a lump-sum payment. Participants are generally eligible for benefits at age 65 but participants that are eligible for early retirement will receive a reduced basic annual benefit upon such early retirement after attaining age 55. Benefits are unreduced at age 60 for participants with at least ten years of service.

Nonqualified Deferred Compensation

The following table sets forth information as to the NEOs regarding defined contribution or other plans that provide for the deferral of compensation on a basis that is not tax-qualified:

William White	—	—	—	—	—

⁽¹⁾ Messrs. Azagra Blázquez, Miranda Soto, Arriola, Stuver, and White did not participate in any non-qualified deferred compensation plan sponsored by the company or a subsidiary.

⁽²⁾ The company contributions to Mr. Kump's deferral plan account are included in the "All Other Compensation" column of the "Summary Compensation Table".

⁽³⁾ Earnings on these accounts are not included in any other amounts in the tables included in this proxy statement, as the amounts of the NEOs' earnings represent the general market gains on investments and are not amounts or rates set by the company for the benefit of the NEOs.

Mr. Kump participated in the Avangrid Deferred Compensation Plan, which provides that Avangrid will make annual contributions under the plan to a deferred compensation account set up for each participant in an amount set forth in the participant's employment agreement. Mr. Kump's employment agreement provided that an annual employer contribution of 10% of base salary will be made to a non-qualified deferred compensation plan, such as the Avangrid Deferred Compensation Plan, with a final pro-rata contribution for the year of Mr. Kump's termination of employment based upon the portion of the year in which he works. A contribution of \$3,982,410 was made following Mr. Kump's retirement. Under the Avangrid Deferred Compensation Plan, the participant is fully vested at all times in all contributions and earnings credited to his deferred compensation account. Mr. Mahoney and Ms. Stempien also participate in the Avangrid Deferred Compensation Plan and elect to defer a portion of their base salary and short-term incentive payments each year into the plan.

Contributions to the Avangrid Deferred Compensation Plan are notational only and earn notional investment income based on investment vehicles selected by the Avangrid, Inc. & Subsidiaries Joint Plan Administration and Fiduciary Committee. Distribution of amounts in a participant's deferred compensation account shall commence in the form and at the time elected by the participant. Participants must make an election as to form and timing either within 30 days of becoming a participant or during the annual enrollment window. Elections may be modified, but participants must do so no less than 12 months prior to their first scheduled payment, the election shall not take effect until at least 12 months after the election was made, and the new scheduled payment is delayed five years from original scheduled payment date.

Upon a participant's death prior to distribution, the plan will distribute a lump-sum distribution to the beneficiary selected by the participant within 60 days following such death (or, if later, after the proper beneficiary has been identified). If a participant dies after commencing payments, the remaining payments will be made as a lump-sum distribution to the beneficiary selected by the participant as soon as administratively possible after date of death. Amounts will be paid in one of the following forms as timely elected by the participant: (i) lump-sum distribution; or (ii) annual installment payments for a period of five, ten, or fifteen years.

Mr. Kump's employment agreement with the company provided that the Agreement and Release between Mr. Kump and Networks that was executed on September 25, 2009 will remain in full force and effect. The parties agreed that the amount payable to Mr. Kump pursuant to such Agreement and Release will be increased by an amount equal to the amount earned by the Energy East Management Corporation Benefit Trust on its initial investment of \$3,333,241 in a financial vehicle of the company's choosing with the goal of obtaining a net guaranteed level of interest without risk of loss of principal.

Potential Payments upon Termination or Change in Control

The amount of compensation payable to each NEO in the event of a termination of employment, or a change in control, on December 31, 2022, is described below under "**Quantification of Potential Payments upon Termination or Change in Control.**" For additional explanation of payments under the various termination scenarios, see "**Summary of Employment Agreements.**"

Quantification of Potential Payments upon Termination or Change in Control

The following table sets forth potential benefits that each NEO would be entitled to receive in the event that the executive's employment with us is terminated for any reason, including (i) without good reason, (ii) termination without cause, (iii) resignation with good reason, (iv) termination without cause or resignation with good reason, in each case in connection with a change in control, and (v) in the event of a change in control without termination or death or disability. The amounts shown in the table are the amounts that would have been payable under existing plans and arrangements if the NEO's employment had terminated, and/or a change in control occurred on December 31, 2022.

“Cash Compensation” includes payments of salary, bonus, severance, or death benefit amounts payable in the applicable scenario. The actual amounts that would be payable in these circumstances can only be determined at the time of the executive’s termination or a change in control and accordingly, may differ from the estimated amounts set forth in the table below.

Other Compensation Information

This proxy statement also contains additional compensation-related information including a comparison of our CEO's total compensation to that of our median employee, the relationship between executive compensation actually paid to our NEOs and our financial performance, and information about our equity compensation plans.

CEO Pay Ratio

We believe our executive compensation program must be internally consistent and equitable and be designed to attract, retain, and motivate the most qualified professionals, in order to enable us to attain our strategic objectives. For 2022, the annual total compensation of Mr. Azagra Blázquez was \$4,849,985, as shown in the Summary Compensation Table beginning on page 61 (the “CEO Compensation”), which reflects annual base salary and 2022 EVP payout, in addition to the sign-on bonus, grants of RSUs and PSUs, company 401(k) contributions, and relocation expenses. Due to the fact that Mr. Azagra Blázquez was only employed by Avangrid for a portion of the year, an estimate has been made of his annualized salary. The annualized salary was based off the \$4,849,985 and shown in the Summary Compensation Table as \$6,270,162. The annual total compensation of our median employee was \$101,304. We reasonably estimate, based on the calculations described below consistent with Item 402(u) of Regulation S-K, that the ratio of the CEO Compensation to the total compensation of our median employee was 62:1.

On December 31, 2022, our measurement date for the employee population, we had 7,579 employees (whether employed on a full-time, part-time, or seasonal basis), all of whom were located in the United States. We identified the median employee using W-2 compensation as our consistently applied measure, which consisted of total cash compensation paid during 2022 and excluded any long-term incentive awards granted in 2022 for all individuals. We identified this payment information for all employees who were employed by us on the December 31, 2022 measurement date. These results were then ranked, excluding the CEO, from lowest to highest, and the median employee was identified. After identifying the median employee, we calculated annual total compensation for such employee in accordance with the rules applicable to the Summary Compensation Table.

Because the SEC rules for identifying the median of the annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee population and practices, the pay ratio reported by other companies may not be comparable to the pay ratio for our company.

Pay versus Performance

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(v) of Regulation S-K, we are providing the following information about the relationship between executive compensation actually paid and certain measures of Avangrid's financial performance. For further information concerning Avangrid's pay-for-performance philosophy and how our compensation and nominating committee aligns executive compensation with Avangrid's performance, refer to the section titled "**Compensation Discussion and Analysis.**"

The tabular and narrative disclosures provided below are intended to be calculated in a manner consistent with the applicable SEC rules and may reflect reasonable estimates and assumptions where appropriate.

Pay versus Performance Table

The following table provides information required under the SEC's Item 402(v) of Regulation S-K disclosing (i) a measure of total compensation and a measure reflecting "compensation actually paid" for our principal executive officer ("PEO") and, as an average, for our other named executive officers ("NEOs"), and (ii) select financial performance measures, in each case, for our three most recently completed fiscal years.

⁽¹⁾ The dollar amounts reported in column (b) are the amounts of total compensation reported for Pedro Azagra Blázquez (First PEO) in 2022, who has served as our Chief Executive Officer since May 2022, Dennis Arriola (Second PEO) for 2020, 2021, and 2022, who served as our Chief Executive Officer from July 2020 through May 2022, and James Torgerson (Third PEO), who served as our Chief Executive Officer through June 2020, for each corresponding year in the "Total" column of the "Summary Compensation Table." For additional information, refer to the section titled "Summary Compensation Table."

⁽²⁾ The dollar amounts reported in column (c) represent the amount of "compensation actually paid" to Pedro Azagra Blázquez (First PEO), Dennis Arriola (Second PEO), and James Torgerson (Third PEO) for the corresponding fiscal year, as computed in accordance with Item 402(v) of Regulation S-K and as further described below. The dollar amounts do not reflect the actual amount of compensation earned by or paid to Pedro Azagra Blázquez (First PEO), Dennis Arriola (Second PEO), and James Torgerson (Third PEO) during the applicable year. For actual amounts of compensation earned or paid during each year, refer to the section titled "Summary Compensation Table."

- (3) The dollar amounts reported in column (d) represent the average of the amounts reported for the non-PEO NEOs in the "Total" column of the Summary Compensation Table in each applicable year. The names of each of the non-PEO NEOs included for purposes of calculating the average amounts in each applicable year are as follows: Robert Kump, Douglas Stuver, Robert Mahoney, Alejandro de Hoz Garcia Bellido, and Anthony Marone III for 2020; Robert Kump, Douglas Stuver, Robert Mahoney, and Catherine Stempien for 2021; Patricia Cosgel, Jose Antonio Miranda Soto, William White, Robert Kump, Douglas Stuver, Robert Mahoney, and Catherine Stempien for 2022. A supplemental table describing these adjustments is included below.
- (4) The dollar amounts reported in column (e) represent the average amount of "compensation actually paid" to the non-PEO NEOs specified in footnote (3), as computed in accordance with Item 402(v) of Regulation S-K. The dollar amounts do not reflect the actual average amount of compensation earned by or paid to the non-PEO NEOs during the applicable year. In accordance with the requirements of Item 402(v) of Regulation S-K, the following adjustments were made to average total compensation for the non-PEO NEOs for each year to determine the compensation actually paid, using the same methodology described above in footnote (2).
- (5) Total shareholder return ("TSR") is the value of \$100 at the end of the measurement period assuming invested in Avangrid's stock as of the beginning of the measurement period, including dividend reinvestment during this time period. On May 18, 2021, Avangrid issued 77,821,012 shares of common stock in two private placements, which impacted Avangrid's TSR during the measurement period. For additional information about these equity issuances, please refer to the section titled "**Certain Relationships and Related Party Transactions**".
- (6) Peer group TSR, is the value of \$100 at the end of the measurement period assuming invested in the peer group index as of the beginning of the measurement period, including dividend reinvestment during this time period. The peer group used for this purpose is the following published industry index: S&P 500 Utilities Index.
- (7) The dollar amounts reported represent our net income, as reflected in Avangrid's audited financial statements for the applicable year.
- (8) The dollar amounts reported represent our adjusted net income, as reported in the Company's Annual Report on Form 10-K. While the Company uses several financial performance measures for the purpose of evaluating performance for the Company's compensation programs, the Company has determined that adjusted net income is the financial performance measure that, in the Company's assessment, represents the most important performance measure (that is not otherwise required to be disclosed in the table) used by the Company to link compensation actually paid to the NEOs, for the most recently completed fiscal year, to the Company's performance. See Annex A for a discussion of adjusted net income as well as a reconciliation of adjusted net income to net income prepared in accordance with U.S. GAAP.
- (9) In addition to adjusted net income, Avangrid also considers the following to be the most important measures for determining NEO pay: customer (system reliability), health and safety, renewables onshore/offshore growth, and increased sustainable supplier base.

In accordance with the requirements of Item 402(v) of Regulation S-K, the following adjustments were made to Pedro Azagra Blázquez (First PEO), Dennis Arriola (Second PEO), and James Torgerson's (Third PEO) total compensation for each year to determine the compensation actually paid:

(a) The grant date fair value of equity awards represents the total of the amounts reported in the "Stock Awards" column in the Summary Compensation Table for the applicable year. For additional information, refer to the section titled "Summary Compensation Table."

(b) The equity award adjustments for each applicable year include the addition (or subtraction, as applicable) of the following: (i) the year-end fair value of any equity awards granted in the applicable year that are outstanding and unvested as of the end of the year; (ii) the amount of change as of the end of the applicable year (from the end of the prior fiscal year) in fair value of any awards granted in prior years that are outstanding and unvested as of the end of the applicable year; (iii) for awards that are granted and vest in the same applicable year, the fair value as of the vesting date; (iv) for awards granted in prior years that vest in the applicable year, the amount equal to the change as of the vesting date (from the end of the prior fiscal year) in fair value; (v) for awards granted in prior years that are determined to fail to meet the applicable vesting conditions during the applicable year, a deduction for the amount equal to the fair value at the end of the prior fiscal year; and (vi) the dollar value of any dividends or other earnings paid on stock or option awards in the applicable year prior to the vesting date that are not otherwise reflected in the fair value of such award or included in any other component of total compensation for the applicable year. The valuation assumptions used to calculate the fair value were updated as of each measurement date and will differ from those disclosed as of the grant date. The methodology used to develop the valuation assumptions as of each applicable measurement date is consistent with those disclosed at the time of grant. The amounts deducted or added in calculating the equity award adjustments are contained in the tables below.

(c) and (d) We have never provided pension benefits to our PEOs; therefore, no adjustments to the "Summary Compensation Table" total for changes in pension values are necessary.

Financial Performance Measures

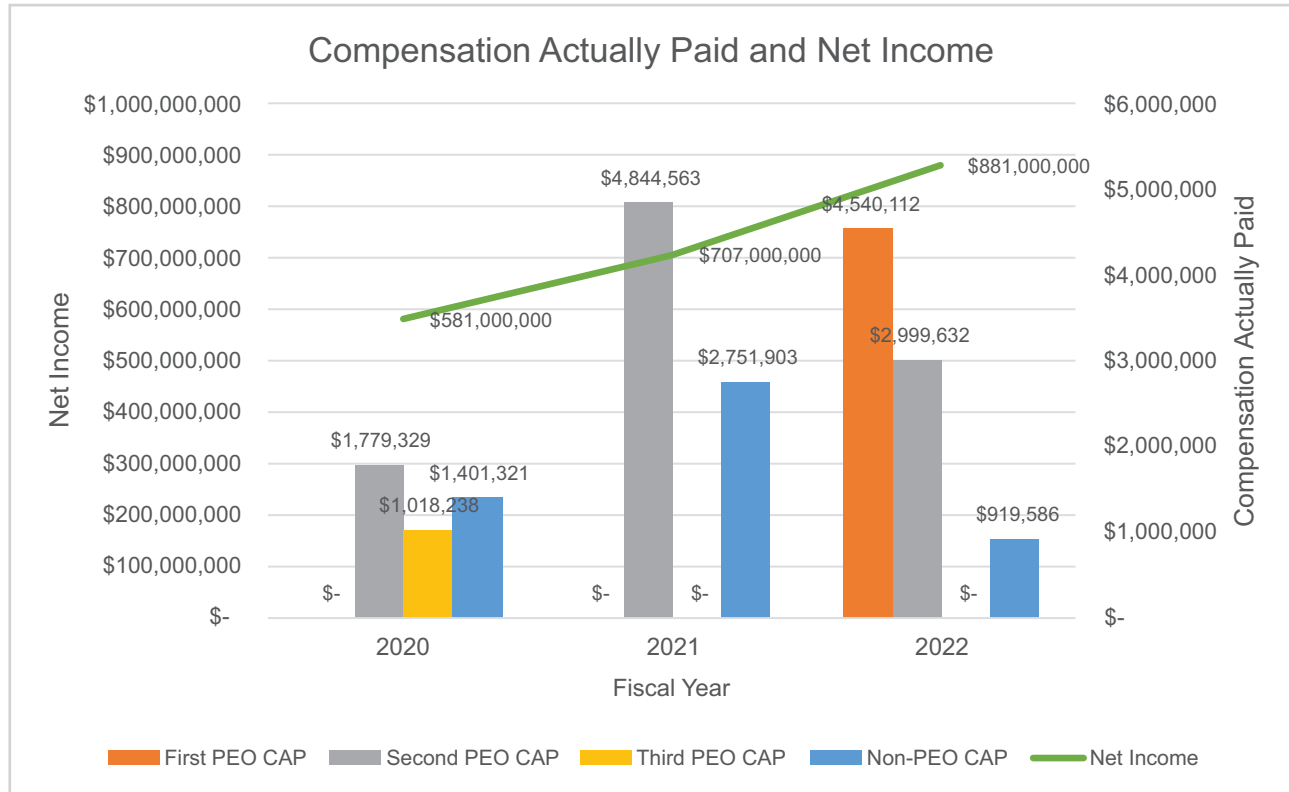

As described in greater detail in the section “[Compensation Discussion and Analysis](#),” Avangrid’s executive compensation program reflects a pay-for-performance philosophy. The metrics that Avangrid uses for both our long-term and short-term incentive awards are selected based on an objective of incentivizing our NEOs to increase the long-term value of our enterprise for our shareholders. The most important financial performance measure used by Avangrid to link executive compensation for the NEOs, for the most recently completed fiscal year, to Avangrid’s performance is adjusted net income. For further information concerning Avangrid’s variable pay-for-performance philosophy and how Avangrid uses these financial performance measures to align executive compensation with Avangrid’s performance, refer to the section titled “[Compensation Discussion and Analysis](#).”

Analysis of the Information Presented in the Pay versus Performance Table

As described in more detail in the section titled “[Compensation Discussion and Analysis](#),” Avangrid’s executive compensation program reflects a variable pay-for-performance philosophy. While Avangrid utilizes several financial performance measures to align executive compensation with Avangrid’s performance, all of those Avangrid measures are not presented in the Pay versus Performance Table. Moreover, Avangrid generally seeks to incentivize creation of long-term stockholder value, and, therefore, does not specifically align Avangrid’s performance measures with compensation that is actually paid (as computed in accordance with Item 402(v) of Regulation S-K) for a particular year. In accordance with Item 402(v) of Regulation S-K, Avangrid is providing the following descriptions of the relationships between information presented in the Pay versus Performance Table.

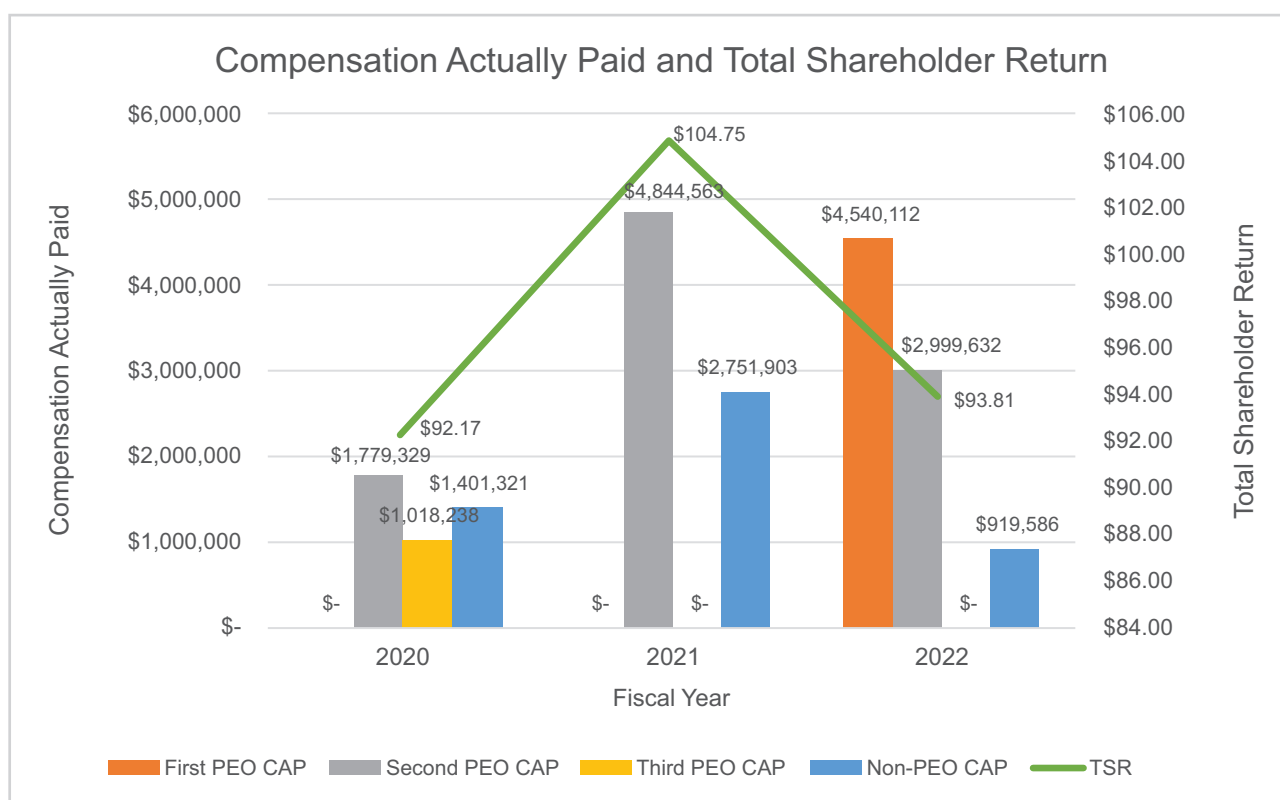

Compensation Actually Paid and Net Income

As demonstrated by the following graph, the average amount of compensation actually paid to Pedro Azagra Blázquez (First PEO), Dennis Arriola (Second PEO), and James Torgerson (Third PEO) and the average amount of compensation actually paid to the non-PEO NEOs is trending with Avangrid's net income over the first two years presented in the Pay versus Performance Table, but unlike net income, the average compensation actually paid to PEOs and non-PEO NEOs decreased in 2022.

Compensation Actually Paid and Total Shareholder Return (TSR)

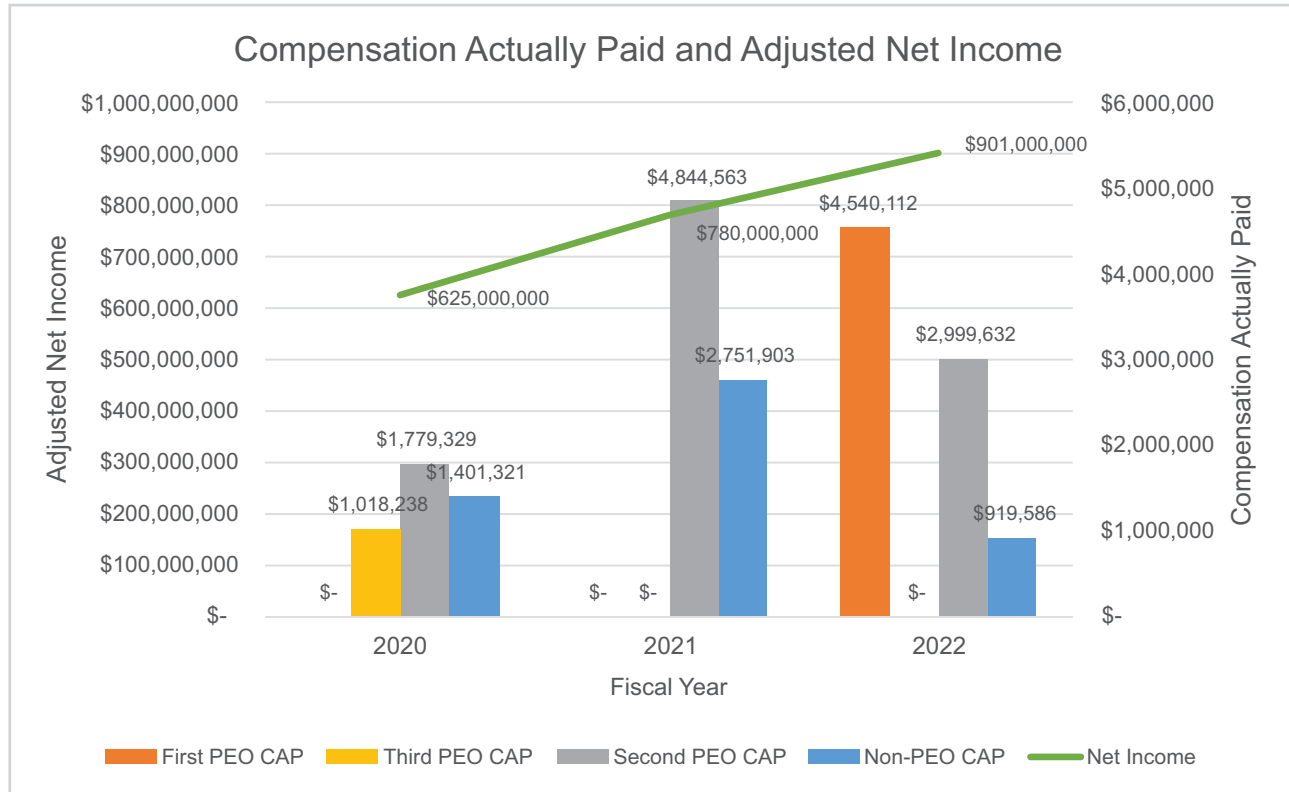

As demonstrated by the following graph, the average amount of compensation actually paid to Pedro Azagra Blázquez (First PEO), Dennis Arriola (Second PEO) and James Torgerson (Third PEO) and the average amount of compensation actually paid to the non-PEO NEOs is generally aligned with AVANGRID's TSR over the three years presented in the Pay versus Performance Table. The alignment of compensation actually paid with AVANGRID's TSR over the period presented is because a significant portion of the compensation actually paid to Pedro Azagra Blázquez (First PEO), Dennis Arriola (Second PEO), and James Torgerson (Third PEO) and to the other NEOs is comprised of equity awards. For more information regarding the elements of our executive compensation program and, in particular, our pay mix, please refer to the section titled "**Compensation Discussion and Analysis.**"

* On May 18, 2021, Avangrid issued 77,821,012 shares of common stock in two private placements, which impacted Avangrid's TSR during the measurement period. For additional information about these equity issuances, please refer to the section titled "**Certain Relationships and Related Party Transactions.**"

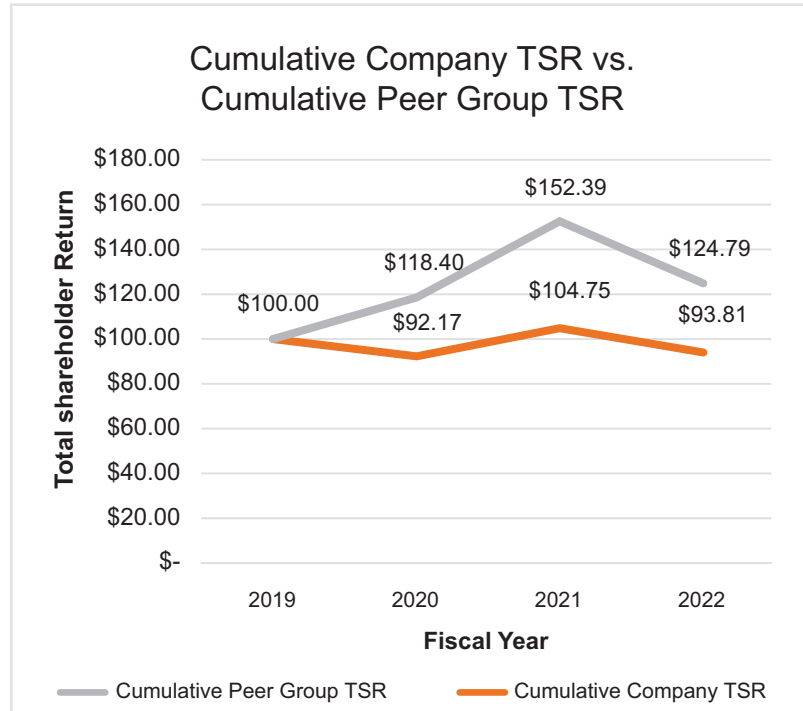

Compensation Actually Paid and Net Adjusted Income

As demonstrated by the following graph, the average amount of compensation actually paid to Pedro Azagra Blázquez (First PEO), Dennis Arriola (Second PEO), and James Torgerson (Third PEO), and the average amount of compensation actually paid to the non-PEO NEOs is trending with Avangrid's adjusted net income over the first two years presented in the Pay versus Performance Table but unlike adjusted net income, the average compensation actually paid to PEOs and non-PEO NEOs decreased in 2022.

Cumulative TSR of Avangrid and Cumulative TSR of the Peer Group

As demonstrated by the following graph, Avangrid's cumulative TSR underperformed compared to the S&P 500 Index in each fiscal year. For more information regarding Avangrid's performance and the companies that the compensation and nominating committee considers when determining compensation, refer to the section titled "**Compensation Discussion and Analysis.**"

* On May 18, 2021, Avangrid issued 77,821,012 shares of common stock in two private placements, which impacted Avangrid's TSR during the measurement period. For additional information about these equity issuances, please refer to the section titled "**Certain Relationships and Related Party Transactions.**"

Tabular List of Most Important Financial Performance Measures

The financial performance measures that we believe are the most important financial performance measures used to link NEO compensation to company performance in addition to adjusted net income. For more information, refer to the section titled “**Compensation Discussion and Analysis.**” Although we do not in practice use any performance measures to link “compensation actually paid” (as calculated herein) to Avangrid’s performance, we are providing this list in accordance with Item 402(v) of Regulation S-K to provide information on performance measures used by the compensation and nominating committee to determine NEO compensation, as more fully described the section titled “**Compensation Discussion and Analysis.**”

Measure 2	Customer (System Reliability)

Proposals

This proxy statement contains four proposals requiring shareholder action.

Proposal One – Election of Directors

The board unanimously recommends that the shareholders vote **FOR** the election of each of our 14 nominees.

Our board of directors has nominated Ignacio S. Galán, John Baldacci, Daniel Alcain López, Pedro Azagra Blázquez, María Fátima Báñez García, Robert Duffy, Teresa Herbert, Patricia Jacobs, John Lahey, Agustín Delgado Martín, Santiago Martínez Garrido, José Sáinz Armada, Alan Solomont, and Camille Joseph Varlack to be elected to serve until the next annual meeting of shareholders and until their successors are duly elected and qualified.

At the Annual Meeting, holders of proxies solicited by this proxy statement will vote the proxies received by them as directed on the proxy card or, if no direction is made, for election of the board's 14 nominees.

The election of directors at the Annual Meeting will be decided by a majority of the votes cast at the Annual Meeting in person or by proxy by the holders of shares entitled to vote therein. This means that each nominee must receive more “FOR” than “AGAINST” votes at the Annual Meeting by the holders of shares of our common stock. Abstentions and broker non-votes will not be counted as votes cast for such purposes. The term of any incumbent director who does not receive the affirmative vote of a majority of votes cast in person or by proxy at the Annual Meeting in an uncontested election must tender his resignation to the board and the board will decide, through a process managed by the compensation and nominating committee, whether to accept such resignation or to have such director serve on a holdover basis until a successor is appointed. An “uncontested election” is when, as of the record date (or such later date as may be determined by the Board based on events occurring after the record date, but in no event later than the date we file this proxy statement with the SEC), the number of nominees does not exceed the number of directors to be elected.

Each of the directors nominated by the board has consented to serve as a nominee, being named in this proxy statement, and serving on the board if elected. Each director elected at the Annual Meeting will be elected to serve a one-year term. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxy holders may vote for any nominee designated by the present board to fill the vacancy.

If any director is unable to stand for election, our board of directors may reduce the number of directors or designate a substitute. In that case, shares represented by proxies may be voted for a substitute director. We do not expect that any nominee will be unavailable or unable to serve. See the section entitled “**Director Qualifications and Experience,**” “**Your Board’s Nominees for Directors,**” and “**Certain Relationships and Related Party Transactions—The Shareholder Agreement**” for additional information beginning on page 12.

Proposal Two – Ratification of the Selection of KPMG as the Company’s Independent Registered Public Accounting Firm for the Year Ending December 31, 2023

The board unanimously recommends that the shareholders vote **FOR** the ratification of the selection of KPMG as the company’s independent registered public accounting firm for 2023.

The audit committee has reappointed KPMG LLP (“KPMG”) as the independent registered public accounting firm of the company for the year ending December 31, 2023. KPMG has served as the company’s independent registered public accounting firm since March 10, 2017. The audit committee reviews the performance of the independent registered public accounting firm annually. As a result of its evaluation of KPMG’s qualifications, performance, and independence, the board and the audit committee believe that the continued retention of KPMG to serve as Avangrid’s independent auditor for the year ending December 31, 2023 is in the best interests of the company and its shareholders. Representatives of KPMG are expected to be present at the annual meeting and will be afforded the opportunity to make a statement if they desire and will be available to respond to appropriate questions.

At the Annual Meeting, shareholders will be asked to ratify this selection, which requires the affirmative vote of a majority of the votes cast at the annual meeting in person or by proxy by the holders of shares entitled to vote therein. Abstentions will not be counted as votes cast for such purposes. Unless contrary instructions are given, shares represented by proxies solicited by the board will be voted for the ratification of the selection of KPMG as our independent registered public accounting firm for the year ending December 31, 2023. Even if the selection of KPMG is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change is in our best interests.

Independent Registered Public Accounting Firm Engagement and Fees

The audit committee previously selected KPMG as the company's independent registered public accounting firm for the year ending December 31, 2023. For the years ended December 31, 2021 and December 31, 2022, Avangrid paid KPMG the following fees for services rendered during each fiscal year:

Audit Fees and Expenses	2022	2021
Audit Fees ⁽¹⁾	\$12,165,000	\$11,372,000
Audit-Related fees ⁽²⁾	\$ 20,000	\$ 544,000
Tax Fees ⁽³⁾	—	—
All Other Fees ⁽⁴⁾	—	\$ 215,000
Total Fees and Expenses	\$12,185,000	\$12,131,000

⁽¹⁾ Includes the aggregate fees recognized in each of the last two fiscal years for professional services rendered by KPMG for the audit of the Company's annual financial statements, review of the Company's quarterly financial statements, statutory audit services, advice on accounting matters directly related to the audit and audit services, and assistance with review of documents filed with the SEC, including the related consents and comfort letters issued to underwriters. The fees are for services that are normally provided by the KPMG in connection with statutory or regulatory filings or engagements. In addition, for 2021, the Audit Fees and Expenses also include the audit of Avangrid Vineyard Wind, LLC.

⁽²⁾ Includes fees billed by the KPMG for due diligence assistance and other services in each of the last two fiscal years

⁽³⁾ Includes the aggregate fees recognized in each of the last two fiscal years for professional services rendered by KPMG for tax compliance, tax advice and tax planning.

⁽⁴⁾ Includes the aggregate fees recognized in each of the last two fiscal years for services provided by the KPMG, other than those services described above.

Audit Committee Pre-Approval Policy and Procedures

The audit committee must be informed of and authorize any audit and non-audit services and relationships with our independent registered public accounting firm, consistent with procedures adopted by the audit committee, which must be in compliance with applicable law, regulations, and NYSE rules. The audit committee has delegated pre-approval authority to the committee chair. If such authority is exercised, the committee chair shall report any pre-approval decision to the committee at its next meeting. In conducting reviews of audit and non-audit services, the audit committee will determine whether the provision of such services would impair the independent registered public accounting firm's independence and will only approve and authorize services that it believes will not impair such firm's independence. All services rendered by KPMG in 2022 were approved and authorized pursuant to this process.

Proposal Three – Advisory Approval of Our Named Executive Officer Compensation

The board unanimously recommends that the shareholders vote **FOR** the non-binding resolution to approve our named executive officer compensation as disclosed in this proxy statement.

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, as amended, and the related rules of the SEC, an advisory vote on the frequency of shareholder votes on executive compensation was conducted in connection with the 2022 annual meeting of shareholders. At that meeting our shareholders agreed, and the board subsequently approved, that our shareholders have the opportunity to cast an advisory vote on an annual basis to approve the compensation of our NEOs (“say-on-pay” vote) as disclosed pursuant to the SEC’s compensation disclosure rules, including the Compensation Discussion and Analysis, the compensation tables, and related narrative discussion included in this proxy statement. In connection with this proposal the board encourages shareholders to read “**Executive Compensation**” beginning on page 42 (which includes the Compensation Discussion and Analysis and the accompanying tables, narrative disclosures and other information) for additional details about our executive compensation program, including information about the fiscal year 2022 NEO compensation.

Our executive compensation program is designed to effectively reward performance, while reflecting the responsibilities of our executive officers. Our compensation philosophy is to offer compensation that makes it possible to attract, retain, and motivate the most qualified professionals in a way that aligns with our long-term business goals and values, without motivating or rewarding excessive risk-taking. Compensation for the NEOs primarily consists of base salary, annual incentives, and long-term incentives. Other elements of compensation, including retirement benefits, life insurance, savings, health and welfare plans, and other benefits offered to employees generally are also considered in order to evaluate the entire compensation package offered to executives.

We value the feedback provided by our shareholders. At our 2022 annual meeting, approximately 99% of the votes cast (not counting “broker non-votes”) were in favor of our NEO compensation. We have discussions with our shareholders on an ongoing basis regarding various corporate governance topics, including executive compensation, and take into account the views of our shareholders regarding the design and effectiveness of our executive compensation program. As an advisory vote, this proposal is not binding on us, the board, or the compensation and nominating committee. However, the board and the compensation and nominating committee value the opinions expressed by our shareholders and will carefully consider the outcome of the vote proposal in future decisions on executive compensation. This non-binding resolution will be approved if it receives the affirmative vote of a majority of the votes cast in person or by proxy by the holders of shares entitled to vote therein. Abstentions and broker non-votes will not be counted as votes cast for such purposes. Shareholders are being asked to approve the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

Proposal Four – To Approve Amended and Restated By-Laws to Implement Committee Changes

The board unanimously recommends that the shareholders vote “FOR” the amendment to the by-laws to implement committee structure changes and other language adjustments

Our board of directors recommends that the shareholders approve the company’s amended and restated by-laws to implement administrative revisions that add flexibility in light of shifting board committee responsibilities. For the reasons described below, on the recommendation of the governance and sustainability committee, on February 16, 2023, the board unanimously adopted resolutions approving and recommending to shareholders the approval of amendments to the company’s by-laws.

In October 2022 the board determined to shift the responsibilities of its committees, by moving oversight of compliance from the audit committee to the governance and sustainability committee, and dividing its existing compensation and governance committee into two committees (one with responsibility over compensation, and the other with responsibility over governance and sustainability). The board determined that the needs of the company would be better met by these changes, particularly given the growth of the company’s governance and sustainability efforts and strategic focus on environmental, social, and governance leadership.

To effectuate these changes, the board determined to add flexibility under its by-laws with respect to board committees, such as by removing language regarding specified committee duties and adding more flexible language regarding the availability of such information in each committee charter that can be amended by the board from time to time.

Under the proposed amendments to the company’s by-laws, the references to committee names have been updated to reflect the committee restructuring and to provide for more flexible language to accommodate similar changes in the future, should they occur, without requiring the company to amend its by-laws. In addition, certain minor immaterial changes to the language in the company’s by-laws have been made.

The discussion above is qualified in its entirety by reference to the full text of the company’s revised by-laws, marked to show changes to our current bylaws (additions are underlined and deletions are struck through) attached as Annex B to this proxy statement.

At the Annual Meeting, shareholders will be asked to approve these amendments, which requires the affirmative vote of a majority of the votes cast at the annual meeting in person or by proxy by the holders of shares entitled to vote therein. Abstentions will not be counted as votes cast for such purposes nor will broker non-votes.

Other Information

This section includes additional information about the Annual Meeting and other general information.

Report of the Audit Committee

On behalf of the board, the audit committee oversees the operation of Avangrid's system of internal controls in respect of the integrity of its financial statements and reports, compliance with laws, regulations and corporate policies, and the qualifications, performance, and independence of its independent registered public accounting firm. The audit committee's function is one of oversight, recognizing that Avangrid's management is responsible for preparing its financial statements, and the company's independent registered public accounting firm is responsible for auditing those financial statements. Consistent with this oversight responsibility, the audit committee has reviewed and discussed with management the audited financial statements of Avangrid for the year ended December 31, 2022, and management's assessment of internal control over financial reporting as of December 31, 2022.

The audit committee has also discussed with KPMG LLP ("KPMG") the matters required to be discussed by the applicable Public Company Accounting Oversight Board (the "PCAOB") rules. The audit committee has also received the written disclosures and the letter from KPMG required by the applicable requirements of the PCAOB regarding KPMG's communications with the audit committee concerning independence and has discussed with KPMG their independence and considered whether any non-audit services provided by the independent registered public accounting firm to the Company are compatible with maintaining the firm's independence.

Avangrid also has an internal audit department that reports to the audit committee. The audit committee reviews and approves the internal audit plan once a year and receives updates of internal audit results throughout the year. The audit committee discussed with the company's internal auditors and KPMG the overall scope and plans for their respective audits. The audit committee met with the internal auditors and KPMG to discuss the results of their examinations, their evaluations of the company's internal controls, and the overall quality of the company's financial reporting.

Based on these reviews and discussions, the audit committee recommended to the board that Avangrid's audited financial statements for the year ended December 31, 2022, be included in its annual report on Form 10-K for the fiscal year then ended for filing with the SEC. The audit committee has selected KPMG as our independent registered public accounting firm for the year ending December 31, 2023, and has asked the shareholders to ratify the selection.

No cameras, recording equipment, electronic devices, use of cell phones or other mobile devices, large bags, or packages will be permitted at the Annual Meeting. The health and well-being of our employees and shareholders are paramount. Shareholders who seek to attend the Annual Meeting in-person may be subject to screening with regard to COVID-19 exposure to.

Proxy Materials

In accordance with SEC rules, we are using the internet as the primary means of furnishing proxy materials to shareholders. Accordingly, most shareholders will not receive paper copies of our proxy materials. We instead sent shareholders a Notice of Internet Availability of the Proxy Materials (the “Notice”) with instructions for voting and for accessing the proxy materials online, including the notice of Annual Meeting of shareholders, proxy statement, and 2022 Annual Report on Form 10-K. The Notice was mailed on or about June 6, 2023. The Notice also provides information on how shareholders may obtain paper copies of our proxy materials if they so choose. Additionally, and in accordance with SEC rules, you may access our proxy materials at www.proxyvote.com.

The Notice provides you with instructions regarding how to:

- view the proxy materials for the annual meeting on the internet and vote at the annual meeting; and
- instruct us to send future proxy materials to you in printed form or electronically by e-mail.

Householding

To reduce the expense of delivering duplicate proxy materials to our shareholders, we are relying on the SEC rules that permit us to deliver only one set of proxy materials, including our proxy statement, our 2022 Annual Report on Form 10-K and the Notice, to multiple shareholders who share an address unless we receive contrary instructions from any shareholder at that address. This practice, known as “householding,” reduces duplicate mailings, thus saving printing and postage costs as well as natural resources. Each shareholder retains a separate right to vote on all matters presented at the Annual Meeting. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you wish to request that we promptly deliver to you and to receive a separate copy of the 2022 Annual Report on Form 10-K or other proxy materials, free of charge, or if you wish to receive separate copies of future annual reports or proxy materials or request delivery of a single copy of these materials, please mail your request to Avangrid, Inc., 180 Marsh Hill Road, Orange, Connecticut 06477 or call (207) 629-1190.

Quorum

In order for us to conduct the Annual Meeting, the holders of a majority of the shares of the common stock outstanding as of May 26, 2023, must be present at the annual meeting in person or by proxy. This is referred to as a quorum. Abstentions and “broker non-votes” (shares held by a broker or nominee that does not have discretionary authority to vote on a particular matter and has not received voting instructions from its client) are counted for purposes of determining the presence or absence of a quorum for the transaction of business at the annual meeting. Your shares will be counted as present at the annual meeting if you do one of the following:

- Vote via the internet or by telephone

- Return a properly executed proxy by mail (even if you do not provide voting instructions)
- Attend the virtual annual meeting and vote in person

We urge you to vote in advance of the annual meeting by voting by Internet, telephone, or mail but you may vote electronically by attending the virtual annual meeting. If you do not hold your shares directly in your own name and your shares are held in the name of a brokerage firm or other nominee you must provide us with a valid “legal proxy” to vote at the Annual Meeting. You can obtain a legal proxy by contacting your account representative at the bank, brokerage firm, broker-dealer, or other similar organization through which you hold your shares.

Voting

Each share of our common stock has one vote on each matter. Only shareholders of record of our common stock at the close of business on May 26, 2023 (the “record date”) may vote, either in person or by proxy, at the annual meeting. On the record date, we had approximately 386,749,147 shares of common stock outstanding. If your shares are registered directly in your name with Avangrid’s transfer agent, Broadridge Corporate Issuer Solutions, Inc., you are the shareholder of record with respect to those shares. If your shares are held at a bank, broker, or other organization then you are the “beneficial owner of shares held in street name.” As a beneficial owner, you have the right to instruct the person or organization holding your shares how to vote your shares.

Voting Procedure

There are four ways to vote:

- **Online Prior to the Annual Meeting.** You may vote by proxy by visiting www.proxyvote.com and entering the control number found in your Notice of Internet Availability. The availability of online voting may depend on the voting procedures of the organization that holds your shares.
- **Phone.** If you request printed copies of the proxy materials by mail, you will receive a proxy card or voting instruction form and you may vote by proxy by calling the toll-free number found on the card or form. The availability of phone voting may depend on the voting procedures of the organization that holds your shares.
- **Mail.** If you request printed copies of the proxy materials by mail, you will receive a proxy card or voting instruction form and you may vote by proxy by filling out the card or form and returning it in the envelope provided.
- **Vote during the Annual Meeting.** You may vote in person during the Annual Meeting.

All shares represented by valid proxies received prior to the taking of the vote at the Annual Meeting or the applicable deadline set forth in the proxy card or voting instruction form will be voted and, where a shareholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the shareholder’s instructions. Even if you plan on attending the Annual Meeting, we encourage you to vote your shares in advance online, by phone, or by mail to ensure that your vote will be represented at the Annual Meeting. **All previously**

cast votes associated with the postponed Annual Meeting, regardless of which method was used, will not be counted. Provided that you are a shareholder of record on the new record date, you must recast your vote in order for it to be counted at the Annual Meeting.

Changing Your Vote

You may change your vote at any time before the polls close at the Annual Meeting. You may do this by using one of the following methods:

- **Online Prior to the Annual Meeting.** You may change your vote using the online voting method described above, in which case only your latest internet proxy submitted by the applicable deadline prior to the Annual Meeting will be counted.
- **During the Annual Meeting.** You may change your vote by attending the Annual Meeting and voting in person.
- **Phone.** You may change your vote using the phone voting method described above, in which case only your latest telephone proxy submitted by the applicable deadline prior to the Annual Meeting will be counted.
- **Mail.** You may revoke your proxy and change your vote by signing and returning a new proxy card or voting instruction form dated as of a later date, in which case only your latest proxy card or voting instruction form received by the applicable deadline prior to the Annual Meeting will be counted. You may also revoke your proxy by sending a written notice of revocation, which must be received before the commencement of the Annual Meeting, to R. Scott Mahoney, Senior Vice President – General Counsel and Corporate Secretary, Avangrid, Inc., 180 Marsh Hill Road, Orange, Connecticut 06477.

Uninstructed Shares

If you sign and return your proxy card or voting instruction form (including over the internet or by telephone) but do not include voting instructions, your proxy will be voted as the board recommends on each proposal.

If you hold your shares directly in your own name, and do not vote or provide a proxy, your shares will not be voted. If your shares are held in the name of a bank, broker, brokerage firm or other nominee, under NYSE rules, your broker may vote your shares on “routine” matters even if you do not provide a proxy. The only routine matter to be voted on at the Annual Meeting is the ratification of the selection of our independent registered public accounting firm for the current calendar year. If a brokerage firm votes your shares on this matter in accordance with these rules, your shares will count as present at the Annual Meeting for purposes of establishing a quorum and will count as “FOR” votes or “AGAINST” votes on this matter, as the case may be, depending on how the broker votes, but will not count as a “FOR” or “AGAINST” vote for any other matter, including the election of directors. If a brokerage firm signs and returns a proxy on your behalf that does not contain voting instructions, your shares will count as present at the Annual Meeting for quorum purposes and will be voted “FOR” the selection of KPMG as our independent public accounting firm for the current year, but will not count as a “FOR” vote for any other matter, including the election of directors.

If the organization that holds your shares does not receive voting instructions from you, that organization may inform the inspector of election that it does not have the authority to vote on the non-routine matter with respect to your shares. This is generally referred to as a “broker non-vote.”

Vote Required to Approve a Proposal

Each share of our common stock outstanding on the record date is entitled to one vote on each of the 14 director nominees and one vote on each other matter.

- *Proposal One: Election of directors* – In an uncontested election, directors are elected by an affirmative vote of a majority of the votes cast in person or by proxy by holders of shares entitled to vote at the Annual Meeting. An “uncontested election” is generally any meeting of shareholders at which the number of nominees does not exceed the number of directors to be elected. If you do not submit your voting instruction form to your broker, your broker may not vote with respect to this proposal. For your vote to be counted on this item, you must submit your voting instructions to your broker or custodian. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on this proposal.
- *Proposal Two: Ratification of KPMG as independent auditor for the year ending December 31, 2023* – The affirmative vote of a majority of the votes cast at the annual meeting in person or by proxy by the holders of shares entitled to vote therein will ratify the audit committee’s appointment of KPMG as the company’s independent auditors for 2023. Even if you do not submit your voting instruction form, your broker may vote your shares with respect to this proposal. Abstentions will not be counted as votes cast for such purposes.
- *Proposal Three: Advisory resolution to approve named executive officer compensation* – Approval of the advisory resolution to approve NEO compensation requires the affirmative vote of a majority of the votes cast at the annual meeting in person or by proxy by the holders of shares entitled to vote therein. If you do not submit your voting instruction form to your broker, your broker may not vote with respect to this proposal. For your vote to be counted on this item, you must submit your voting instructions to your broker or custodian. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on this proposal.
- *Proposal Four: Approval of by-laws amendments* – The affirmative vote of a majority of the votes cast at the annual meeting in person or by proxy by the holders of shares entitled to vote therein will approve amendments to the by-laws regarding updates to reflect changes in board committees and well as general language updates. Even if you do not submit your voting instruction form, your broker may vote your shares with respect to this proposal. Abstentions will not be counted as votes case for such purposes.

Tabulation and Reporting of Voting Results

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be tallied by the inspector of election after the taking of the vote at the Annual Meeting. Avangrid will publish the final voting results in a Current Report on Form 8-K filed with the SEC within four business days following the Annual Meeting.

Our Principal Executive Office

The company's principal executive office is located at 180 Marsh Hill Road, Orange, Connecticut 06477.

Proxies may be solicited on our behalf by directors, officers, or employees (for no additional compensation) in person or by telephone or electronic transmission. Brokers and other nominees will be requested to forward soliciting materials to beneficial owners and will be reimbursed for their reasonable expenses. In addition, we have hired Okapi to solicit proxies for a fee that is not expected to exceed \$9,000, plus reasonable out-of-pocket costs and expenses.

As of the date of this proxy statement, we do not know of any other matters that may be presented for action at the meeting. Should any other business properly come before the meeting, the persons named on the enclosed proxy will, as stated therein, have discretionary authority to vote the shares represented by such proxy in accordance with their best judgment.

Non-GAAP Financial Measures

Use of Non-GAAP Financial Measures

To supplement our consolidated financial statements presented in accordance with U.S. GAAP, we consider adjusted net income and adjusted earnings per share, adjusted EBITDA, and adjusted EBITDA with Tax Credits as financial measures that are not prepared in accordance with U.S. GAAP. The non-GAAP financial measures we use are specific to Avangrid and the non-GAAP financial measures of other companies may not be calculated in the same manner. We use these non-GAAP financial measures, in addition to U.S. GAAP measures, to establish operating budgets and operational goals to manage and monitor our business, evaluate our operating and financial performance, and to compare such performance to prior periods and to the performance of our competitors. We believe that presenting such non-GAAP financial measures is useful because such measures can be used to analyze and compare profitability between companies and industries by eliminating the impact of certain non-cash charges. In addition, we present non-GAAP financial measures because we believe that they and other similar measures are widely used by certain investors, securities analysts, and other interested parties as supplemental measures of performance. We define adjusted net income as net income adjusted to exclude restructuring charges, mark-to-market earnings from changes in the fair value of derivative instruments, accelerated depreciation derived from repowering of wind farms, costs incurred related to the merger with PNM Resources, Inc., a legal settlement, and costs incurred in connection with the COVID-19 pandemic. We believe adjusted net income is more useful in understanding and evaluating actual and projected financial performance and contribution of Avangrid core lines of business and to more fully compare and explain our results. The most directly comparable U.S. GAAP measure to adjusted net income is net income. We also define adjusted earnings per share, or adjusted EPS, as adjusted net income converted to an earnings per share amount.

We define adjusted EBITDA as adjusted net income adjusted to fully exclude the effects of net (loss) income attributable to noncontrolling interests, income tax expense (benefit), depreciation and amortization, interest expense, net of capitalization, other (income) expense, and (earnings) losses from equity method investments. We further define adjusted EBITDA with tax credits as adjusted EBITDA adding back the pre-tax effect of retained Production Tax Credits (PTCs) and Investment Tax Credits (ITCs) and PTCs allocated to tax equity investors. The most directly comparable U.S. GAAP measure to adjusted EBITDA and adjusted EBITDA with tax credits is net income.

The use of non-GAAP financial measures is not intended to be considered in isolation or as a substitute for, or superior to, Avangrid's U.S. GAAP financial information, and investors are cautioned that the non-GAAP financial measures are limited in their usefulness, may be unique to Avangrid, and should be considered only as a supplement to Avangrid's U.S. GAAP financial measures. The non-GAAP financial measures may not be comparable to other similarly titled measures of other companies and have limitations as analytical tools.

Non-GAAP financial measures are not primary measurements of our performance under U.S. GAAP and should not be considered as alternatives to operating income, net income, or any other performance measures determined in accordance with U.S. GAAP.

The following tables provide a reconciliation between Net Income attributable to Avangrid and non-GAAP measures Adjusted Net Income, Adjusted EBITDA, and Adjusted EBITDA with Tax Credits by segment for the years ended December 31, 2022, 2021, and 2020, respectively:

2. Record of Shareholders. The shares will be recorded in a book of registered shares kept at the office of the Corporation or at the office of its transfer agent or registrar, and the Board is entitled to issue an aggregate certificate to include all the shares held by any Shareholder as permitted under New York law.

Section 1.2 Shareholders

1. Annual Meeting. The “Annual Meeting” of the Shareholders for the election of members of the Board (the “Directors”) and the transaction of such other business as may properly be brought before the meeting shall be held within or without the State of New York, at a location to be determined by the Board (including, without limitation, telephonically and/or by internet access), on such date and time as may be fixed by the Board.
2. Written Consent of Shareholders Without a Meeting. Any action required to be taken at a meeting of the Shareholders, or any other action which may be taken at a meeting of the Shareholders, may be taken without a meeting if a consent in writing, setting forth the action so taken, shall be signed by Shareholders having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all Shareholders having a right to vote thereon were present and voted. Prompt notice of the taking of the corporate action by the Shareholders without a meeting shall be given to those Shareholders who have not consented in writing.
3. Special Meetings. A “Special Meeting” of the Shareholders may be called by the Chairman of the Board (the “Chairman”) or the chief executive officer of the Corporation (the “CEO”), and shall be called by the Chairman or the CEO at the written demand of a majority of the Directors then in office or Shareholder(s) then holding a majority of the outstanding voting shares of capital stock of the Corporation, and may not be called by any other person or persons. 4. Business at Meetings of the Shareholders. At any meeting of the Shareholders, only such business shall be conducted as shall have been brought before the meeting (a) pursuant to the Corporation’s notice of meeting, or (b) by or at the direction of the Board. The procedures referred to in

clauses (a) and (b) of the immediately preceding sentence shall be the exclusive means for any person to submit business (other than Shareholder proposals properly submitted in accordance with Rule 14a-8 under the Exchange Act and included in the Corporation's notice of meeting) to be considered or acted upon at a meeting of Shareholders.

5. Record Date for Meetings and Other Purposes. For the purpose of determining the Shareholders entitled to notice of or to vote at any meeting of Shareholders or any adjournment thereof, or to express consent to or dissent from any proposal without a meeting, or for the purpose of determining Shareholders entitled to receive payment of any dividend or the allotment of any rights, or for the purpose of any other action, the Board may fix, in advance, a date as the record date for any such determination of Shareholders. Such date shall not be more than sixty (60) nor less than ten (10) days before the date of such meeting, nor more than sixty (60) days prior to any other action. If no record date is so fixed by the Board, (a) the record date for the determination of Shareholders entitled to notice of or to vote at a meeting of Shareholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is not given by reason of due waiver thereof, the day next preceding the day on which the meeting is held, and (b) the record date for determining shareholding for any other purpose shall be at the close of business on the day on which the resolution of the Board relating thereto is adopted. 6. Notice of Meetings. Whenever Shareholders are required or permitted to take any action at a meeting, written notice shall be given stating the place, date and hour of the meeting and, unless it is the Annual Meeting, indicating that it is being issued by or at the direction of the person or persons calling the meeting. Notice of a Special Meeting (including any such meeting to be held in conjunction with an Annual Meeting) shall also state the purpose or purposes for which the meeting is called. A copy of the notice of any meeting shall be given, personally, by electronic communications or by first class mail, not less than ten (10) nor more than sixty (60) days before the date of the meeting. If mailed, such notice is given when deposited in the United States or other sovereign mail system, as appropriate, with postage thereon prepaid, directed to the Shareholder at its address as it appears on the record of Shareholders of the Corporation. When a meeting is adjourned to another time or place, it shall not be necessary to give any notice of the adjourned meeting, if the time and place to which the meeting is adjourned are announced at the meeting at which the adjournment is taken, and at the adjourned meeting any business may be transacted that might have been transacted on the original date of the meeting. However, if after the adjournment the Board fixes a new record date for the adjourned meeting, a notice of the adjourned meeting shall be given to each Shareholder of record on the new record date entitled to notice under this Section.
7. List of Shareholders Entitled to Vote. The officer of the Corporation who has charge of the stock ledger of the Corporation shall prepare and make, at least ten (10) days before every meeting of the Shareholders a complete list of the Shareholders entitled to vote at the meeting of Shareholders (provided, however, if the record date for determining the Shareholders entitled to vote is less than ten (10) days before the meeting, the list shall reflect the Shareholders entitled to vote as of the tenth (10th) day before the meeting date), arranged in alphabetical order, and showing the address of each Shareholders and the number of shares of each class of capital stock registered in the name of each Shareholder. Such list shall be open to the examination of any Shareholder, for any purpose germane to the meeting, during ordinary business hours, for a period of at least ten (10) days prior to the meeting, either at a place within the city where the meeting is to be held, which place shall be specified in the notice of the meeting, or, if not so specified, at the place where the meeting is to be held. The list shall also be produced and kept at the time and place of the meeting during the whole time thereof, and may be inspected by any Shareholder who is present. Except as otherwise provided by applicable law or the rules of the New York Stock Exchange ("NYSE Rules"), the stock ledger of the Corporation shall be the only evidence as to who are the Shareholders entitled to examine the stock ledger and the list of Shareholders entitled to vote in person or by proxy at any meeting of Shareholders.
8. Waivers of Notice. Notice of any meeting of Shareholders need not be given to any Shareholder who submits a signed waiver of notice, in person or by proxy, whether before or after the meeting. The attendance of any Shareholder at a meeting, in person or by proxy, without protesting prior thereto or at its commencement the lack of notice of such meeting, shall constitute a waiver of notice by such Shareholder.
9. Failure to Receive Notice. Failure to receive notice of any meeting shall not invalidate the meeting.
10. Quorum at Meetings. Except as otherwise provided by law, the holders of a majority of the shares entitled to vote thereat, present in person or represented by proxy, shall constitute a quorum at any meeting of the Shareholders for the transaction of any business, but the Shareholders present or represented by proxy may adjourn any meeting to another time or place despite the absence of a quorum, without notice other than

When a quorum is once present to organize a meeting, it shall not be broken by the subsequent withdrawal of any Shareholders. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally notified. If after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each Shareholder of record entitled to vote at the meeting.

11. Conduct of Meetings. The Board may adopt by resolution such rules and regulations for the conduct of the meeting of the Shareholders as it shall deem appropriate. The Secretary or, in ~~his or her~~ their absence or inability to act, the person whom the chairperson of the meeting shall appoint secretary of the meeting, shall act as secretary of the meeting and keep the minutes thereof. Except to the extent inconsistent with such rules and regulations as adopted by the Board, the chairperson of any meeting of the Shareholders shall have the right and authority to prescribe such rules, regulations and procedures and to do all such acts as, in the judgment of such chairperson, are appropriate for the proper conduct of the meeting. Such rules, regulations or procedures, whether adopted by the Board or prescribed by the chairperson of the meeting, may include, without limitation, the following: (a) order of business for the meeting, (b) the determination of when the polls shall open and close for any given matter to be voted on at the meeting, (c) rules and procedures for maintaining order at the meeting and the safety of those present, (d) limitations on attendance at or participation in the meeting to Shareholders of record of the Corporation, their duly authorized and constituted proxies or such other persons as the chairperson of the meeting shall determine, (e) restrictions on entry to the meeting after the time fixed for the commencement thereof, (f) limitations on the time allotted to questions or comments by participants, and (g) policies and procedures with respect to the adjournment of such meeting.

When a quorum is present at any meeting, unless otherwise required by applicable law, NYSE Rules or these Bylaws, any matter, other than the election of Directors and an advisory vote on the frequency of Shareholder votes related to the compensation of executives required by Section 14A(a)(2) of the Exchange Act, brought before any meeting of Shareholders shall be decided by the vote of the holders of a majority of the votes cast in person or by proxy in favor of such action by the holders of shares entitled to vote therein. For the avoidance of doubt, abstentions and broker non-votes will not be counted as votes cast for such purposes.
 - (b) Unless otherwise provided by applicable law or in the Certificate of Incorporation, each Shareholder shall at every meeting of the Shareholders be entitled to one vote in person or by proxy for each share of the capital stock having voting power held by such Shareholder, but no proxy shall be voted on after three (3) years from its date, unless the proxy provides for a longer period. A proxy shall be irrevocable if it states that it is irrevocable and if, and only as long as, it is coupled with an interest sufficient in law to support an irrevocable power. A Shareholder may revoke any proxy which is not irrevocable by attending the meeting and voting in person or by delivering to the Secretary of the Corporation a revocation of the proxy or a new proxy bearing a later date. Voting at meetings of Shareholders need not be by written ballot.
13. Inspectors. The Board, in advance of any meeting of Shareholders, may, and shall if required by law, appoint one or more inspectors, who may be employees of the Corporation, to act at the meeting or any adjournment thereof and make a written report thereof. The Board may designate one or more persons as alternate inspectors to replace any inspector who fails to act. If no inspector or alternate is able to act at a meeting, the chairperson of the meeting shall appoint one or more inspectors to act at the meeting. The inspectors may appoint or retain other persons or

entities to assist the inspectors in the performance of their duties. Unless otherwise provided by the Board, the date and time of the opening and the closing of the polls for each matter upon which the Shareholders will vote at a meeting shall be determined by the person presiding at the meeting and shall be announced at the meeting. No ballot, proxies, votes or any revocation thereof or change thereto, shall be accepted by the inspectors after the closing of the polls unless a New York State court upon application by a Shareholder shall determine otherwise. In determining the validity and counting of proxies and ballots cast at any meeting of Shareholders, the inspectors may consider such information as is permitted by applicable law. 3. Powers and Duties of the Chief Executive Officer. The CEO shall be appointed by the Board and shall have general organizational duties as shall be determined by the Board. Subject to the authority of the Board, the CEO may vote the shares or other securities of any other domestic or foreign corporation of any type or kind which may at any time be owned by the Corporation, may execute any Shareholders' or other consents in respect thereof and may, in ~~their~~his or her discretion, delegate such powers by executing proxies or otherwise on behalf of the Corporation. - (b) A minimum of five (5) Directors shall qualify as “independent directors” of the Corporation and Iberdrola, S.A. (the “Controlling Shareholder”) (assuming for such purpose that such Director is a Director of the Controlling Shareholder) under Section 301 of the Sarbanes-Oxley Act (or any successor rule), Rule 10A-3(b)(1) (or any successor rule) of the Securities and Exchange Act of 1934, and Rule 303A (or any successor rule) of the rules promulgated the New York Stock Exchange which apply to issuers whose common stock is listed on the New York Stock Exchange (the “Independent Directors”). Directors need not be Shareholders; provided, however, that directors shall be elected by a plurality of the votes cast in a contested election. An election shall be considered contested if, as of the record date (or such later date as may be determined by the Board based on events occurring after the record date, but in no event later than the date the Corporation files its definitive proxy statement with the Securities and Exchange Commission), the number of nominees for election as a member of the Board exceeds the number of Directors to be elected. A “majority of votes cast” means that the number of shares voted “for” a nominee for election as a member of the Board exceeds the number of shares voted “against” the election of such nominee. Abstentions and broker non-votes shall not constitute votes “for” or “against”.

2. Vacancies. Newly created directorships resulting from an increase in the number of Directors and vacancies occurring in the Board during the term of office, including, without limitation, the removal of Directors by the Shareholders or Director resignation, may be filled either by vote of the Directors or, if determined by the Board or requested (prior to the Board having filled any such vacancy) in writing by Shareholder(s) holding at least a majority of the outstanding voting shares of capital stock of the Corporation, by vote of the Shareholders. Any one or more members of the Board or of any committee thereof may participate in a meeting of such Board or committee by means of a conference telephone or similar communications equipment allowing all persons participating in the meeting to hear each other at the same time. Notice of each such meeting shall be given by the Secretary or by a person calling the meeting in accordance with these Bylaws to each Director in the manner provided in Sub-section 1 above. Notice of a meeting need not be given to any Director who submits a signed waiver of notice whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to ~~him or her~~ such Director.
3. Written Consent of Directors in Lieu of a Meeting. Any action required or permitted to be taken by the Board or any committee thereof may be taken without a meeting if all members of the Board or such committee consent in writing or by electronic submission to the adoption of a resolution authorizing such action. Each resolution so adopted and the written consents thereto by the members of the Board or such committee shall be filed with the minutes of the proceedings of the Board or such committee.
4. Quorum and Voting. A majority of the entire Board shall constitute a quorum for the transaction of any business.
