

MAD RIVER WIND FARM PROJECT (CASE NO. 16-F-0713) ARTICLE 10 PROCESS
WHERE ARE WE NOW AND WHAT'S NEXT?

There are five main phases of the Article 10 process:

1. Pre-Application
2. Application
3. Administrative Hearings
4. Siting Board Decision
5. Compliance

The Mad River Wind Farm Project is in the Pre-Application phase, which includes:

- Filing of a Public Involvement Program (PIP) Plan
- Implementation of the PIP
- Preparation of a Preliminary Scoping Statement (PSS)

Status of Mad River Wind Farm Project PIP Plan:

- Applicant filed final PIP plan on February 17, 2017

What's next: Implementation of the PIP Plan, which includes the following:

- Activities designed to encourage stakeholder participation and to educate the public, such as hosting public open house meetings
- Consultation with affected agencies and other stakeholders
- Establishing a website to disseminate information (<http://www.avangridrenewables.us/madriver/>)

What's next: Preparation of a PSS, which will:

- Provide reasonably available information regarding the proposed project and environmental setting
- Identify project-specific studies to be conducted to evaluate potential impacts
- Identify any known stakeholder concerns
- Identify potential significant environmental impacts
- Identify potential measures to be implemented to avoid or mitigate impacts
- PSS submittal must be accompanied by an intervenor fee
- Anticipated completion of Draft PSS for Mad River Wind Farm Project: Fall/Winter 2017
- Comments on the PSS are due within 21 days of its filing
