Teresa Bradford

PROFESSIONAL PROFILE AND BIOGRAPHICAL DATA

Senior Vice President-Controller, Avangrid, Inc.
Type: Executive

Other current professional activities and positions

Ms. Bradford serves as Avangrid's Senior Vice President – Controller, a role she assumed effective July 17, 2026. In this position, she holds executive responsibility for accounting, financial reporting, financial planning and analysis, tax, and administration, leading the controllership function to ensure the accuracy, integrity, and compliance of financial statements, management reporting, regulatory filings, and related disclosures under both U.S. GAAP and IFRS frameworks. She oversees enterprise-wide accounting governance, internal controls, technical accounting, tax strategy and compliance, budgeting, forecasting, and financial performance analysis, and partners closely with senior leadership to strengthen financial discipline and support the company's growth and long-term financial objectives.

Personal profile and academic training

Ms. Bradford holds a Bachelor of Science in Accounting from SUNY at Binghamton. She is a graduate of Iberdrola's 2026 Transformational Leadership Program and a key participant in the kickoff of the Power to 1 program and the Rate Case Simulation rollout.

Noteworthy experience in the energy and industrial engineering sector

Ms. Bradford has built her career at Avangrid and its predecessor companies since 1998, holding a series of progressively senior roles at The Energy Network, Inc. (formerly part of Energy East), including Staff Accountant, Senior Accountant, Financial Reporting Manager, and Vice President & Controller. She subsequently served as Director – Non-Utility Business Development, Director – Business Development, and Director – Corporate Development, before being named Vice President – Strategic Initiatives Controller in 2024, a role in which she supported the CFO and Controller in ensuring the company's financial statements satisfy GAAP, regulatory, and IFRS requirements.

Noteworthy experience in other industries

Outside of work, Ms. Bradford designs and donates handmade NICU quilts and pediatric activity bays to infants and children receiving specialized medical care.
